

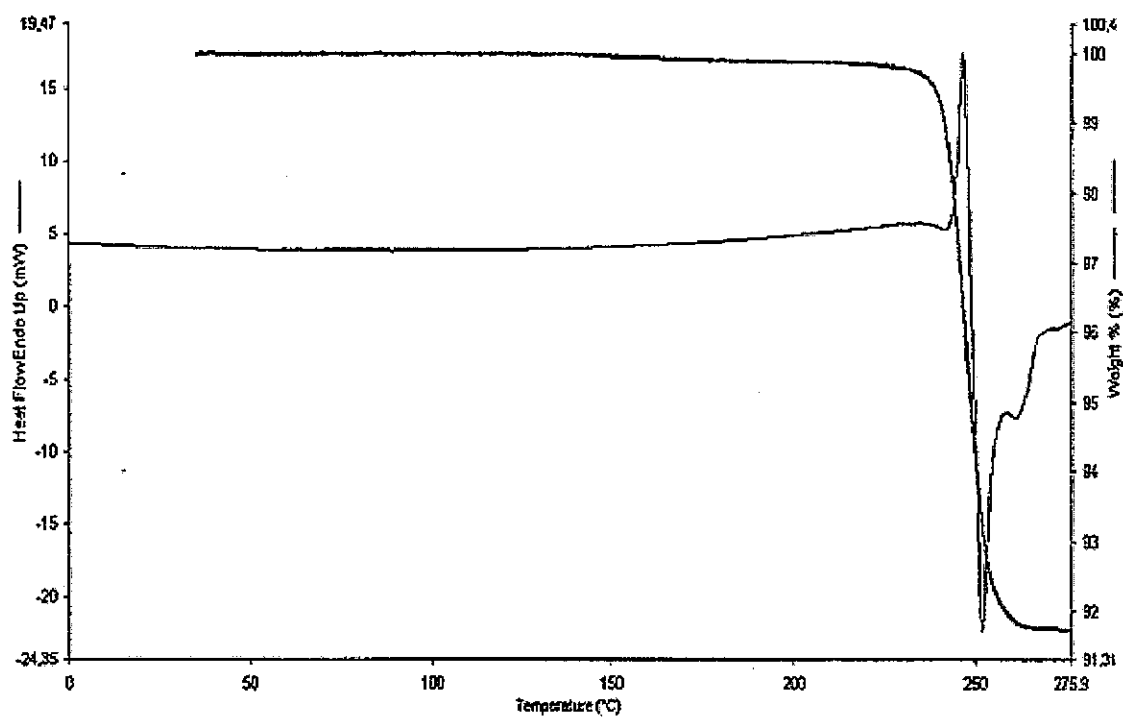

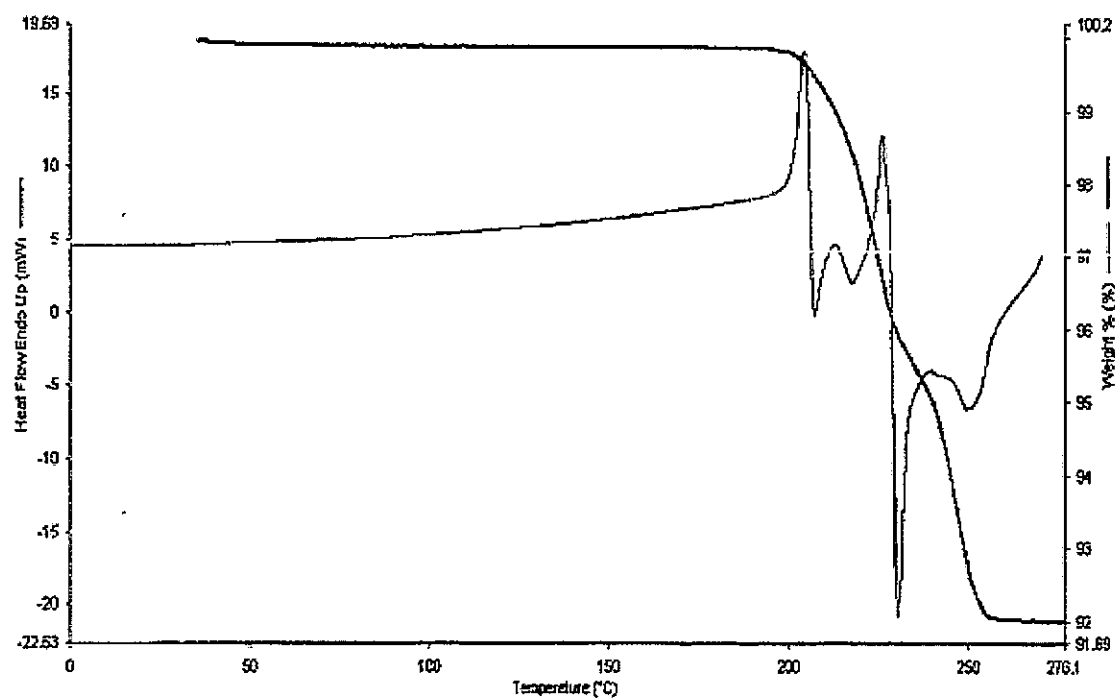

Fig. 1: DSC and TGA thermograms of modifications I-IV, the mesomorphous form and the amorphous form

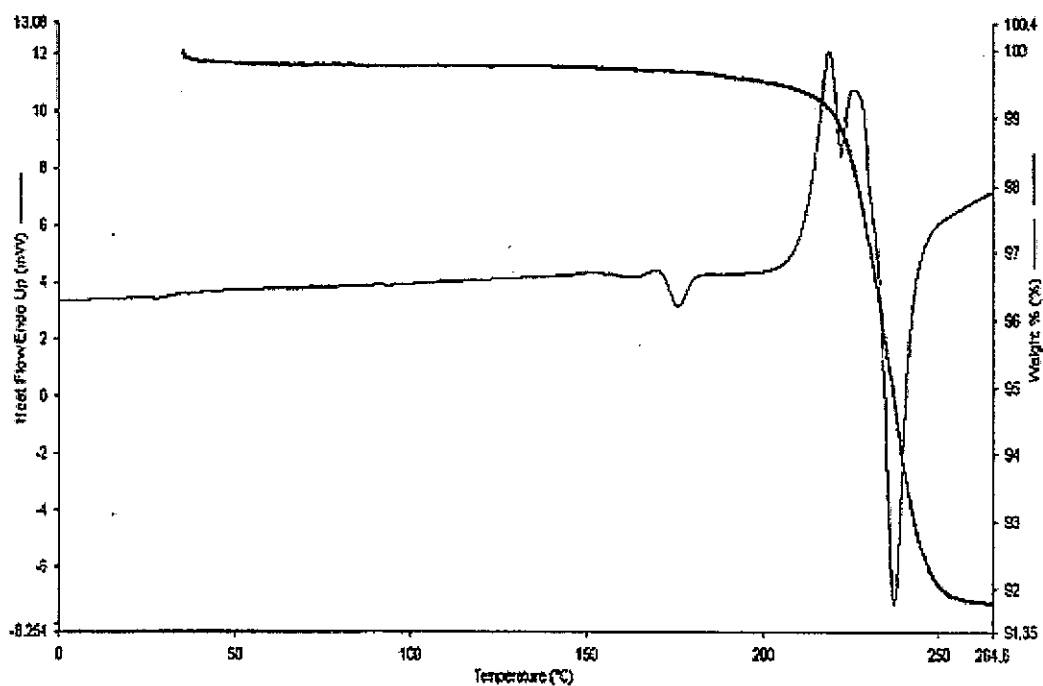

1 a) modification I

1 b) modification II

- 2/21 -

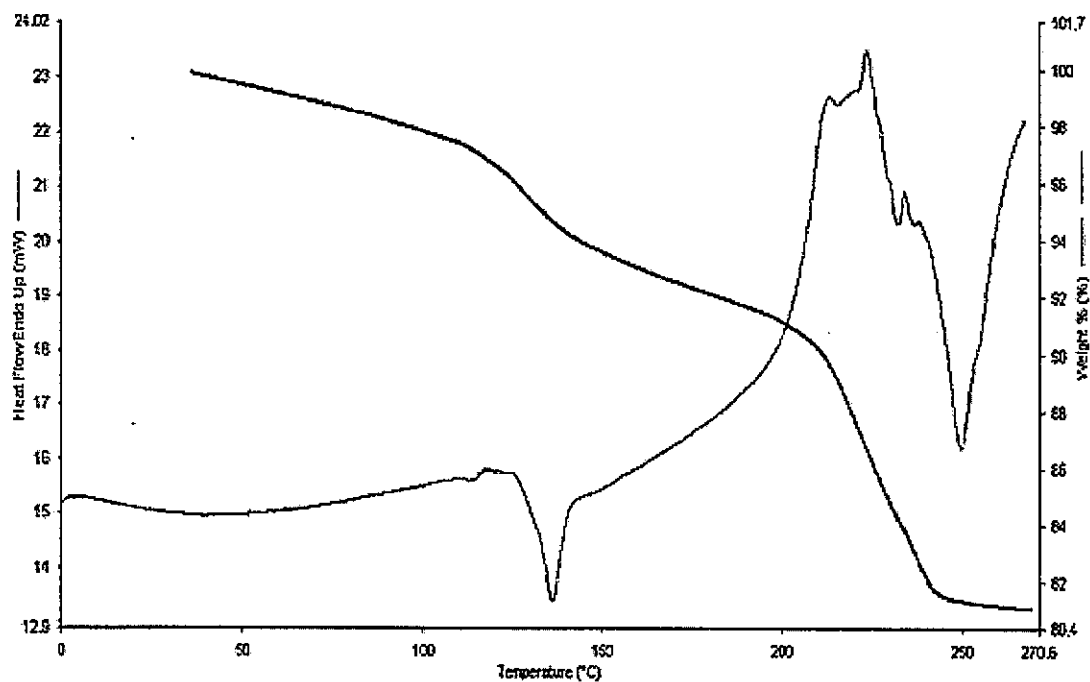

1 c) modification III

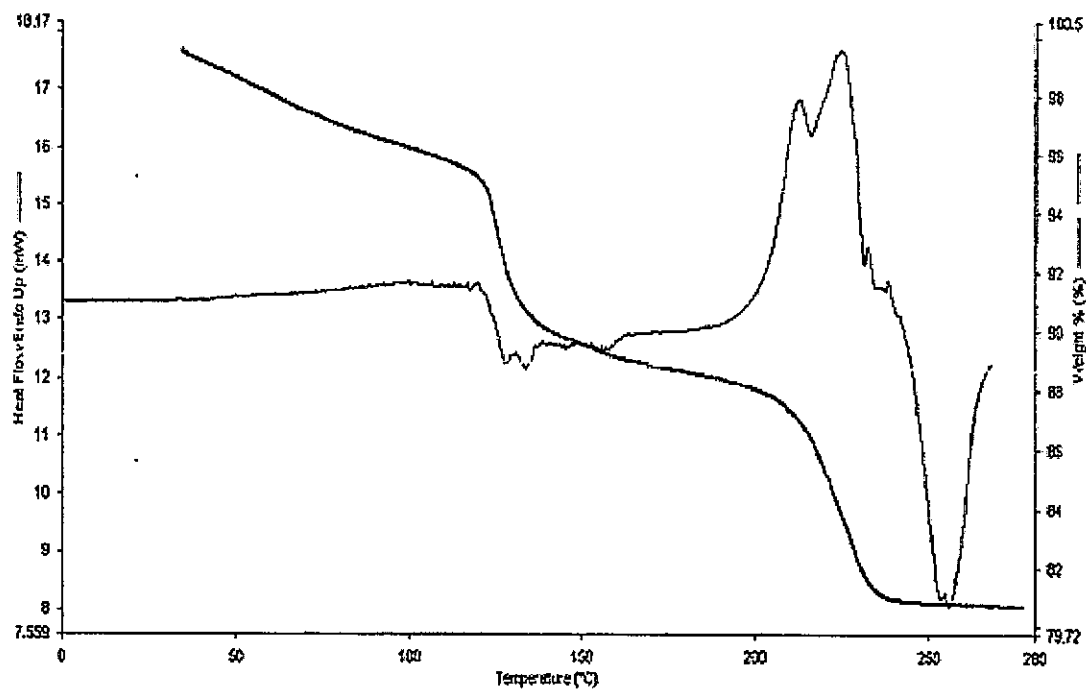

1 d) modification IV

- 3/21 -

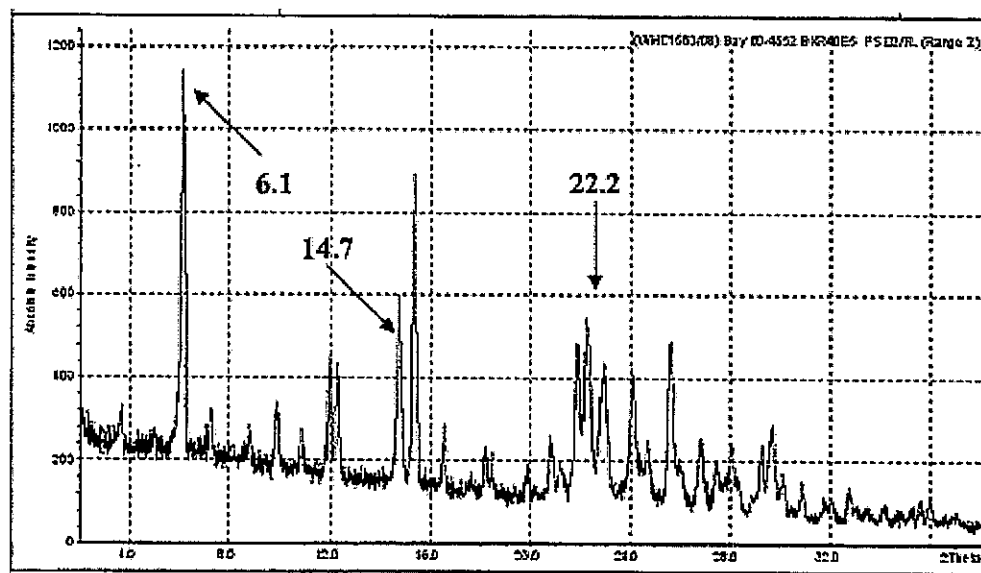

1 e) mesomorphous form

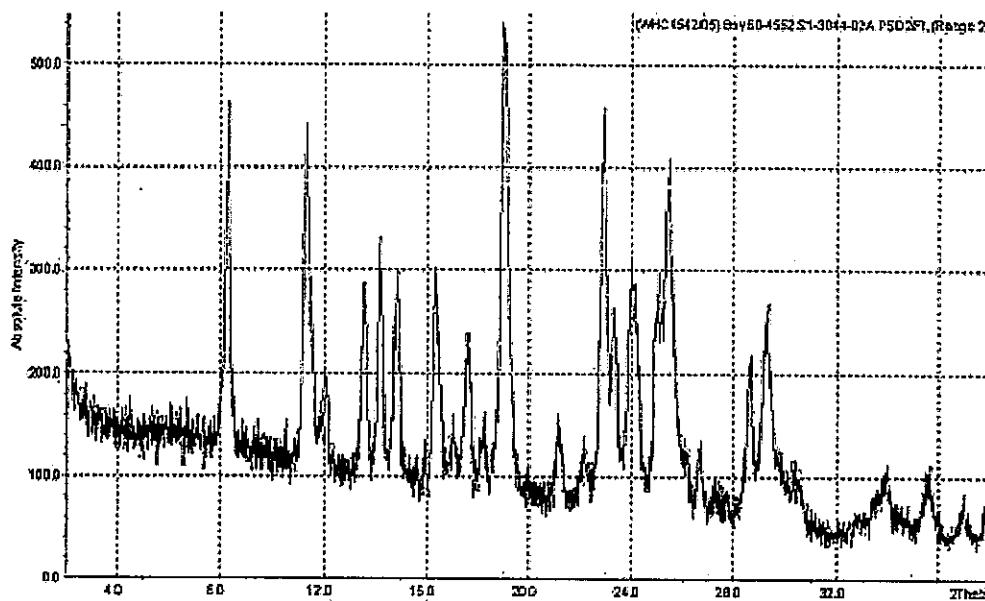

1 f) amorphous form

- 4/21 -

Fig. 2: X-ray diffractograms of modifications I-IV, the mesomorphous form and the amorphous form

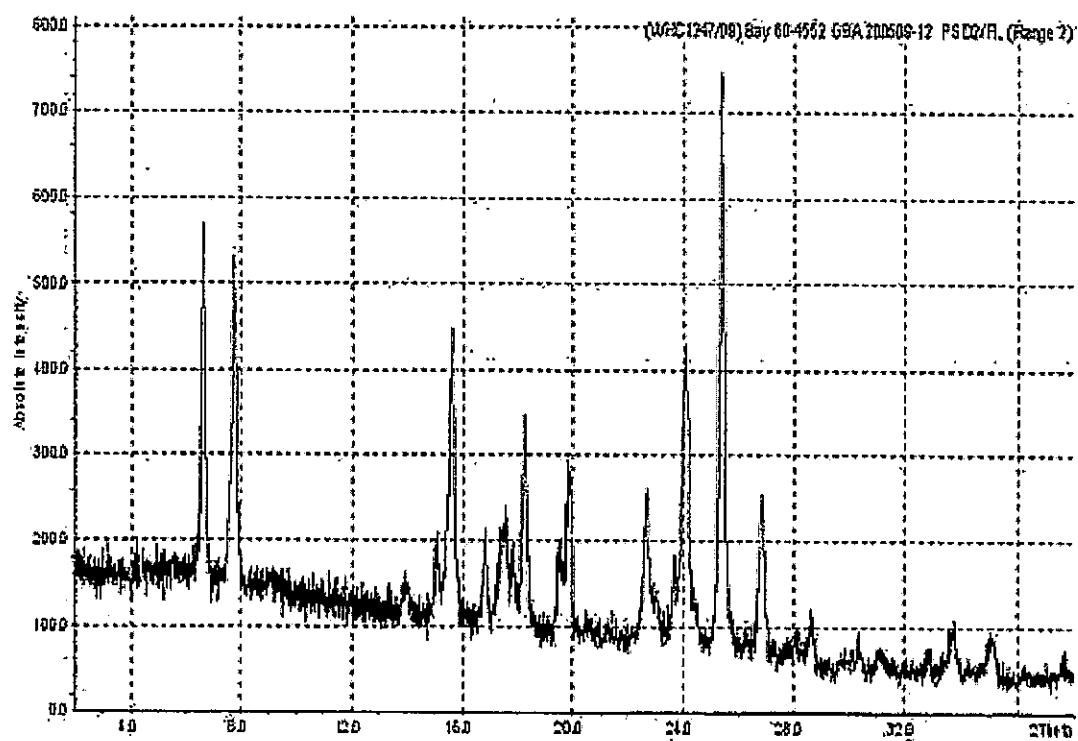

2 a) modification I

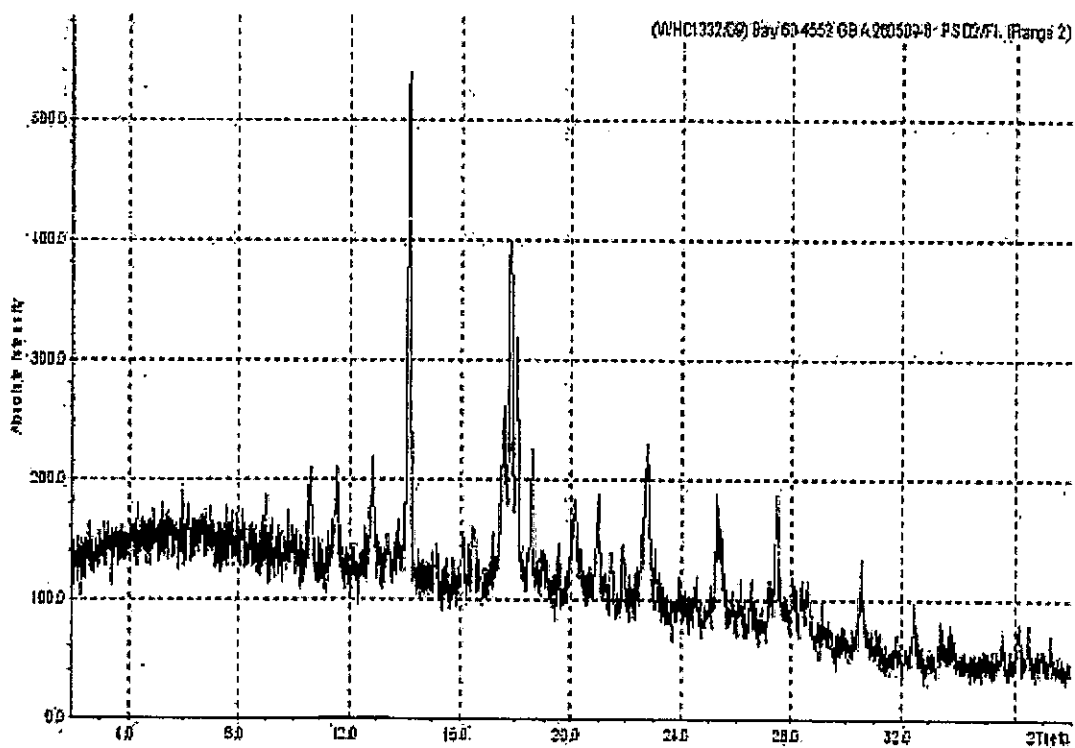

2 b) modification II

- 5/21 -

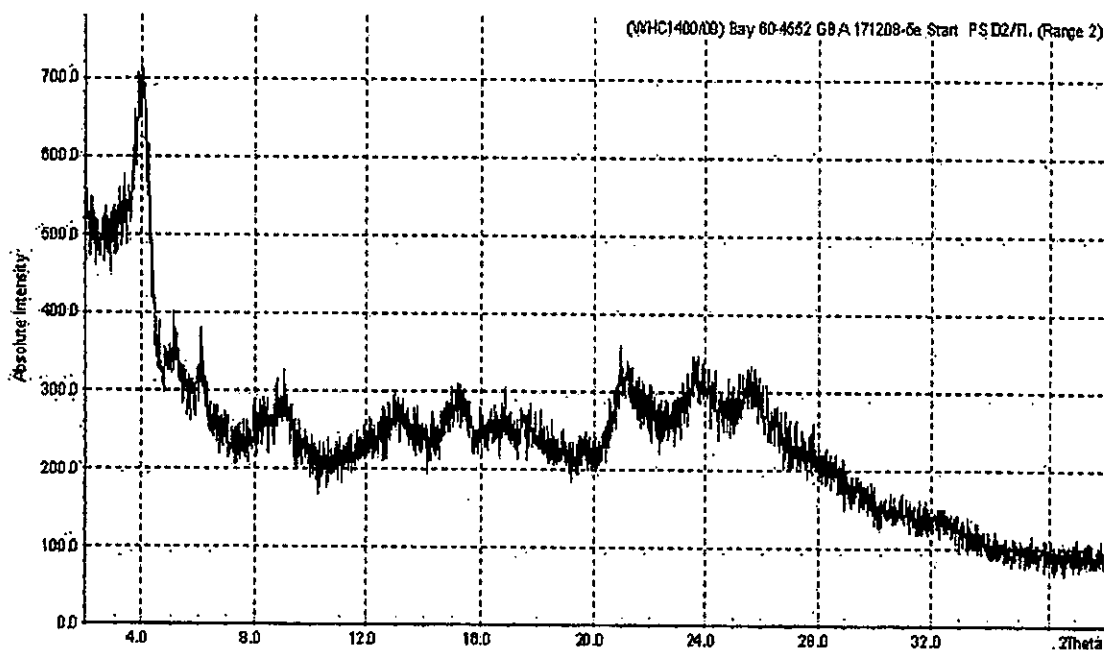

2 c) modification III

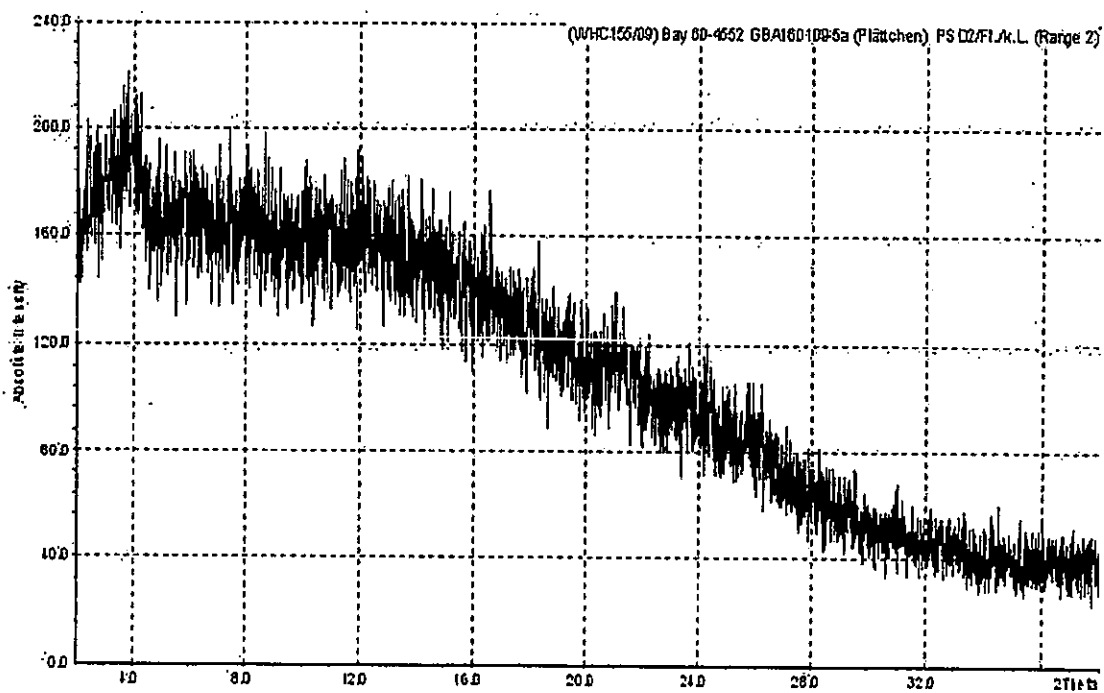

2 d) modification IV

- 6/21 -

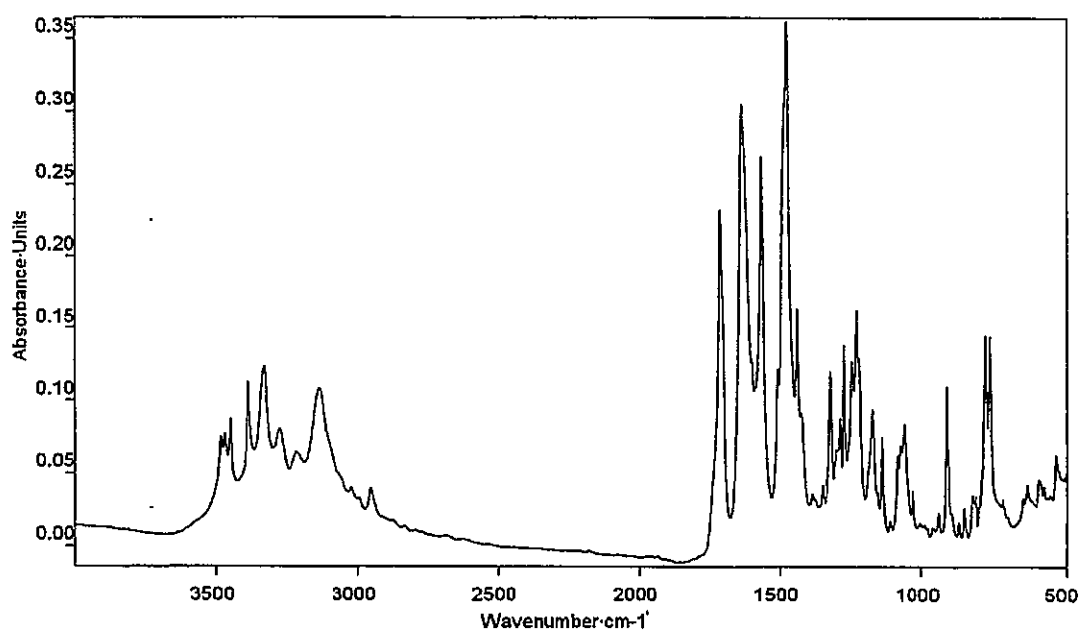

2 e) mesomorphic form

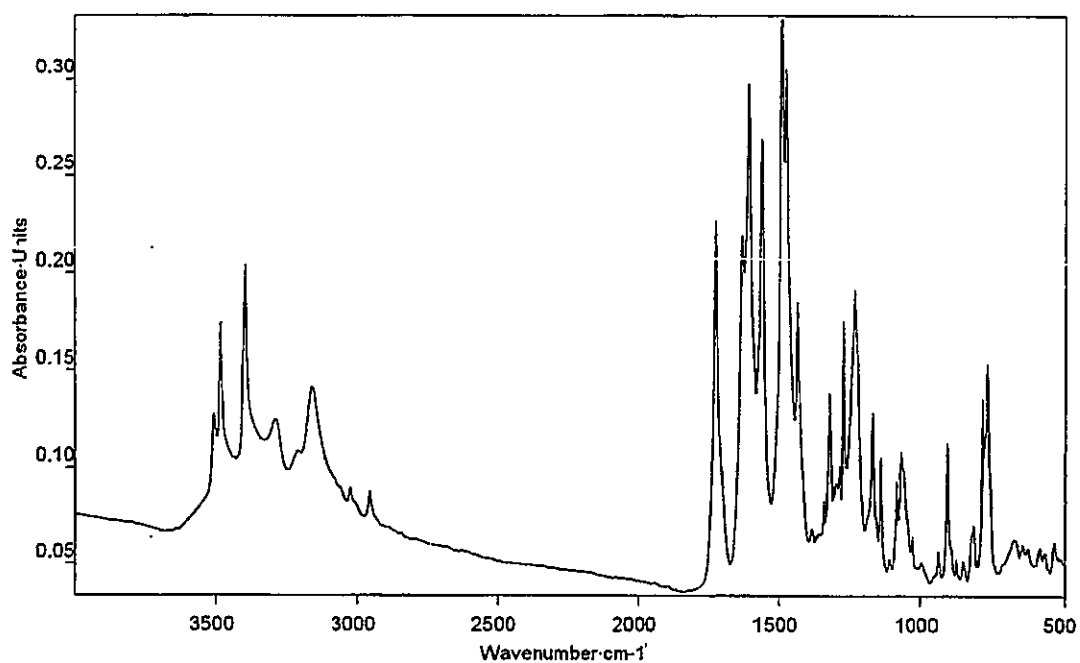

2 f) amorphous form

- 7/21 -

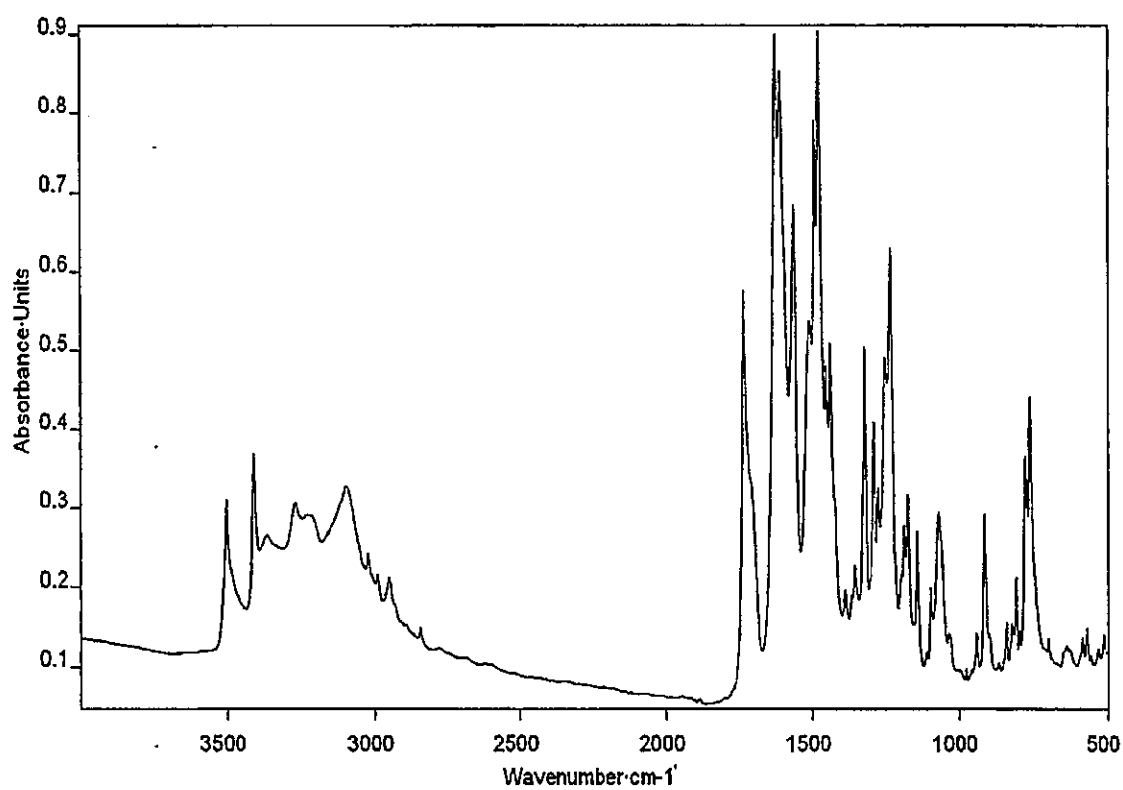

Fig. 3: IR spectra of modifications I-IV, the mesomorphous form and the amorphous form

3 a) modification I

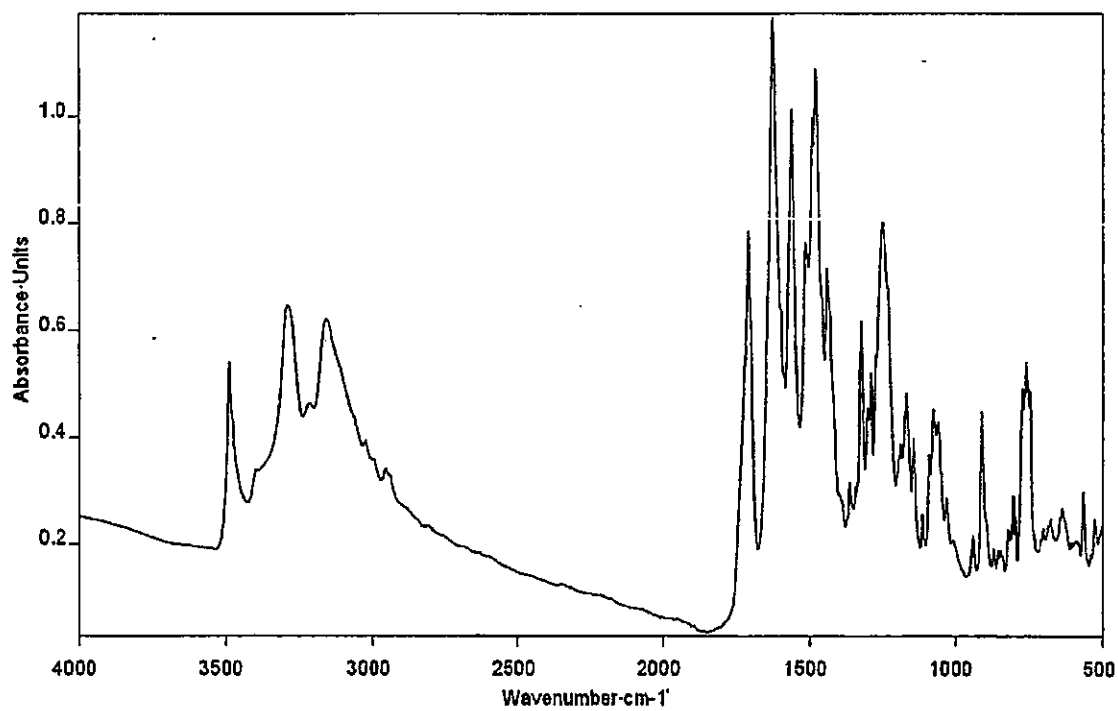

3 b) modification II

- 8/21 -

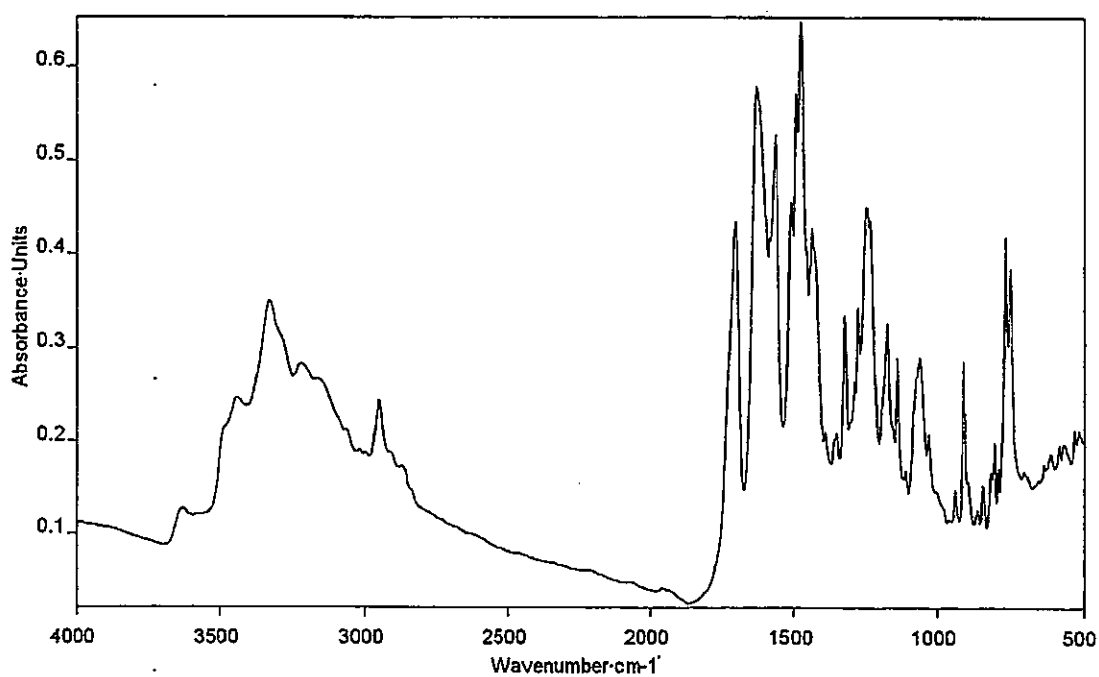

3 c) modification III

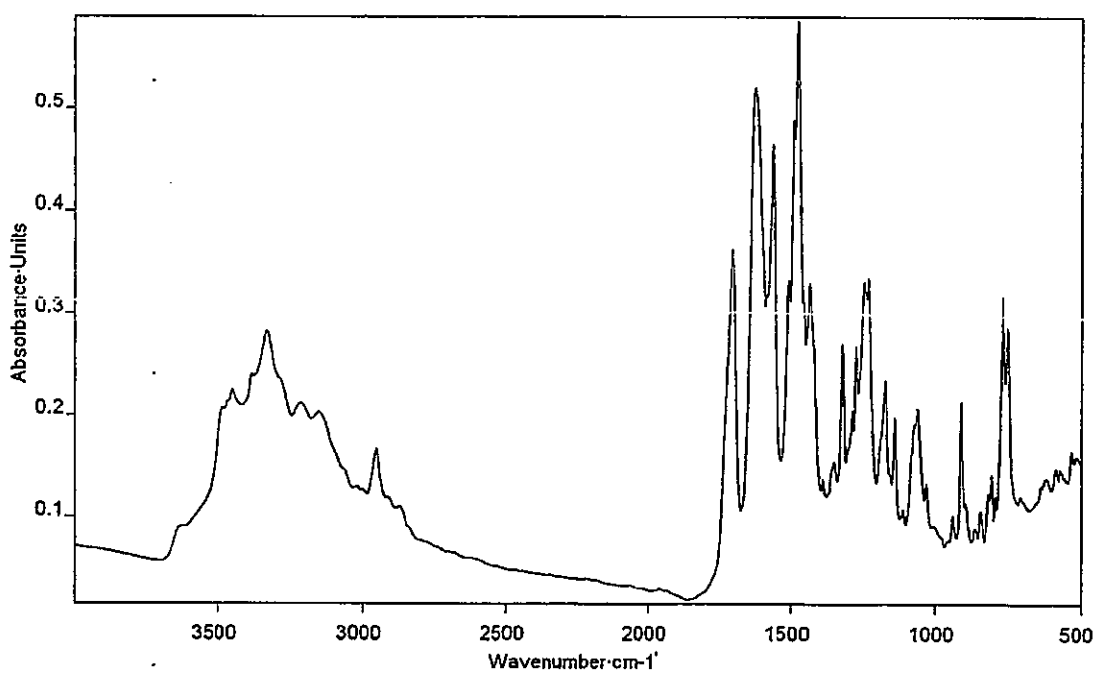

3 d) modification IV

- 9/21 -

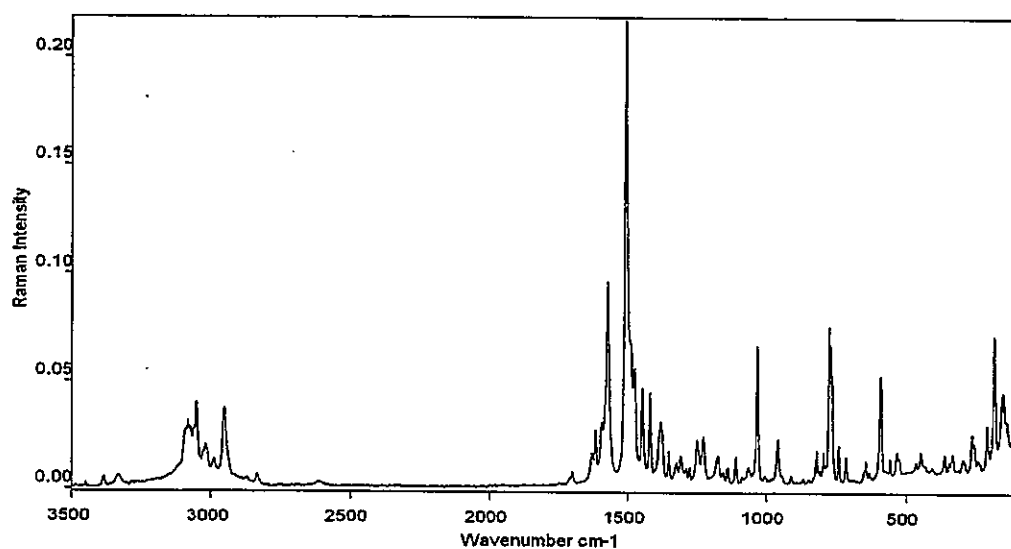

3 e) mesomorphous form

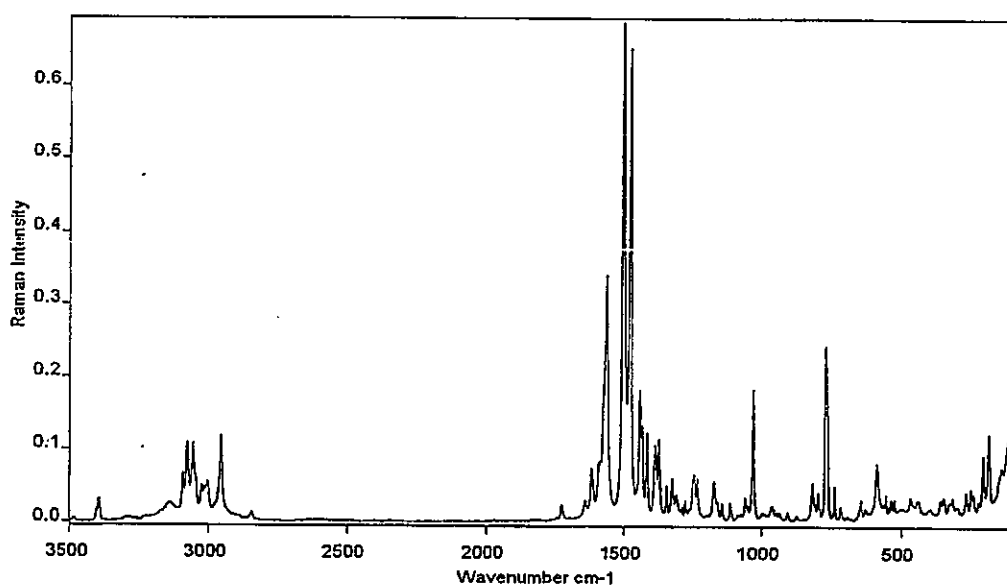

3 f) amorphous form

- 10/21 -

Fig. 4: Raman spectra of modifications I-IV, the mesomorphous form and the amorphous form

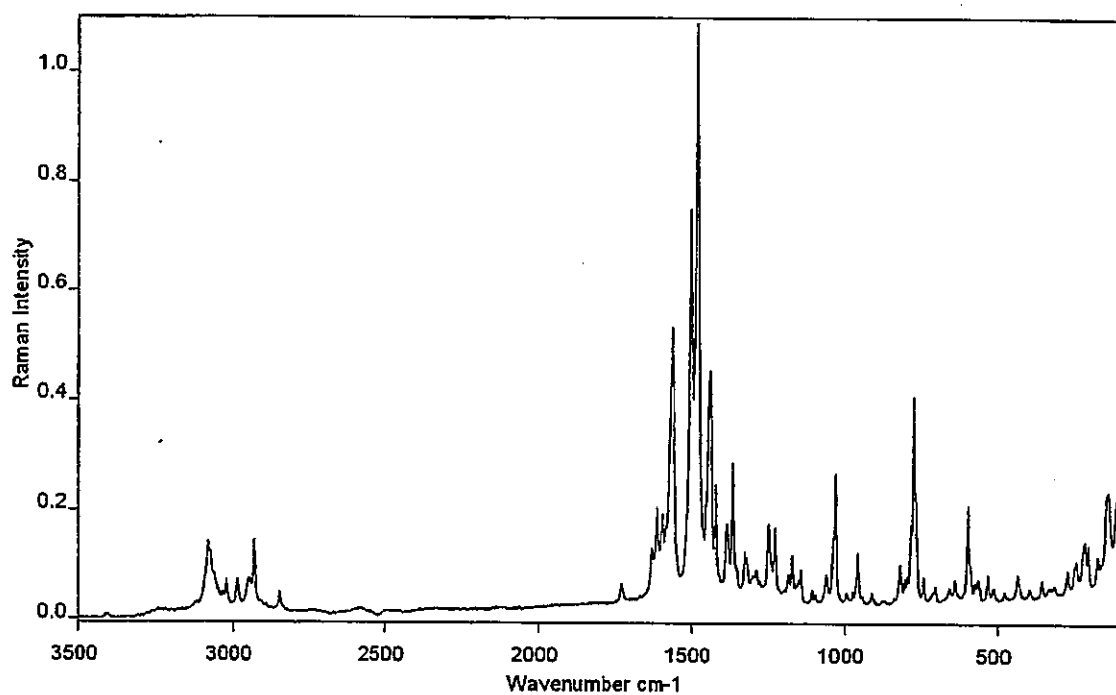

4 a) modification I

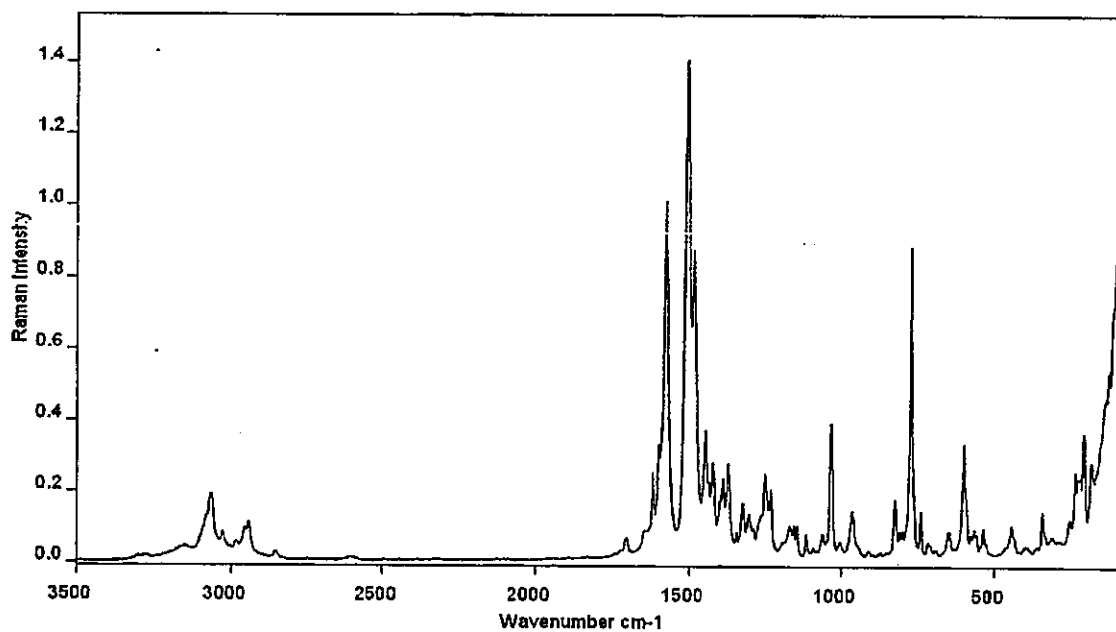

4 b) modification II

- 11/21 -

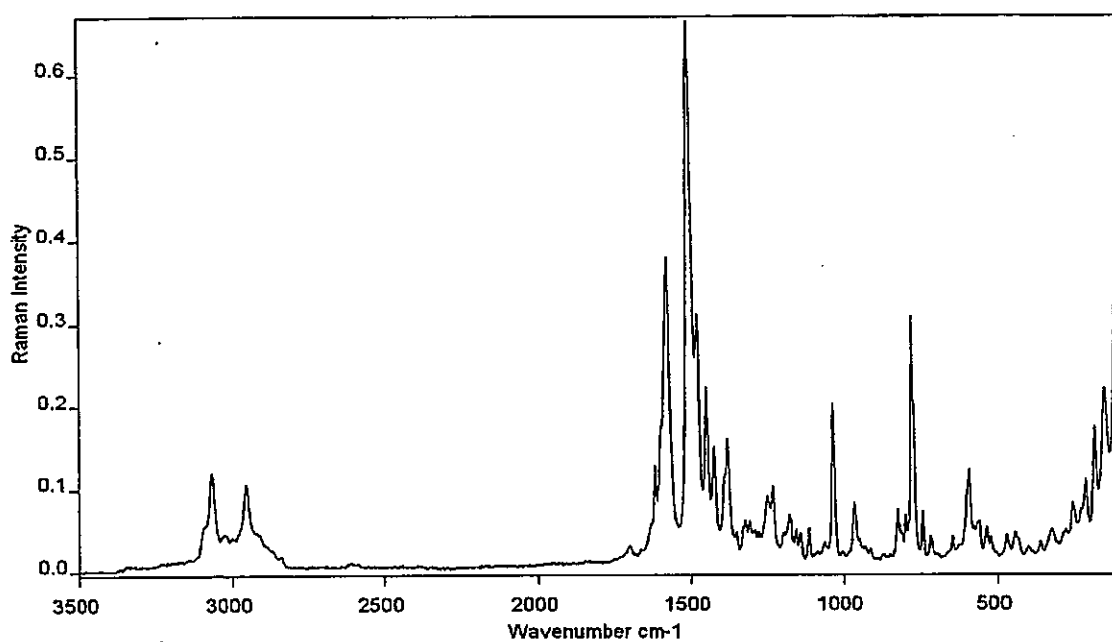

4 c) modification III

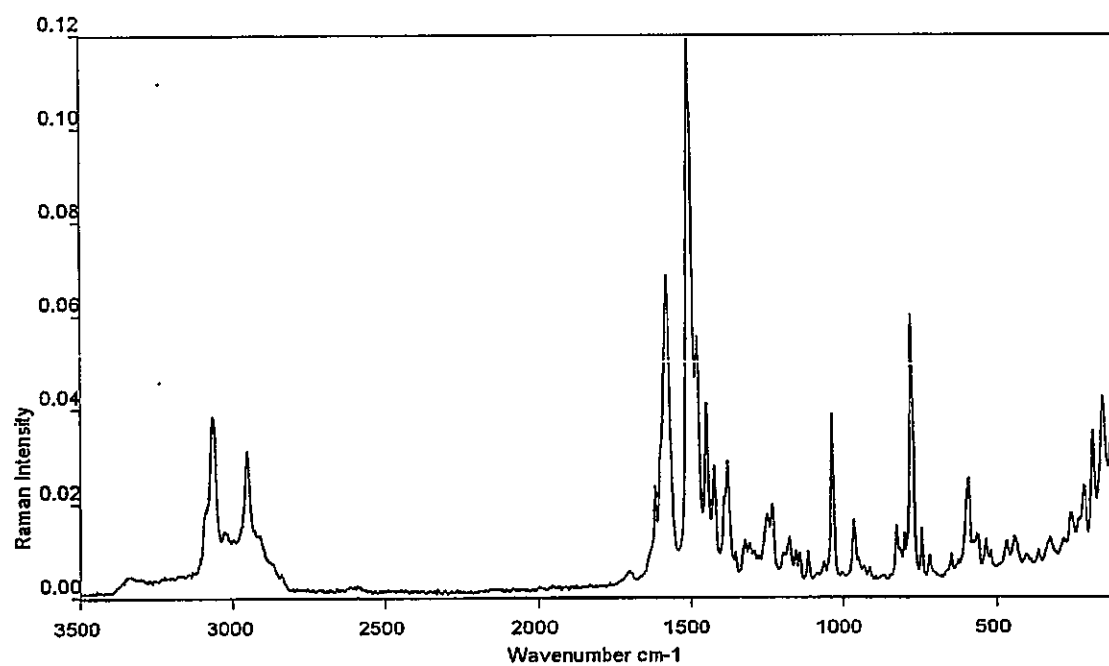

4 d) modification IV

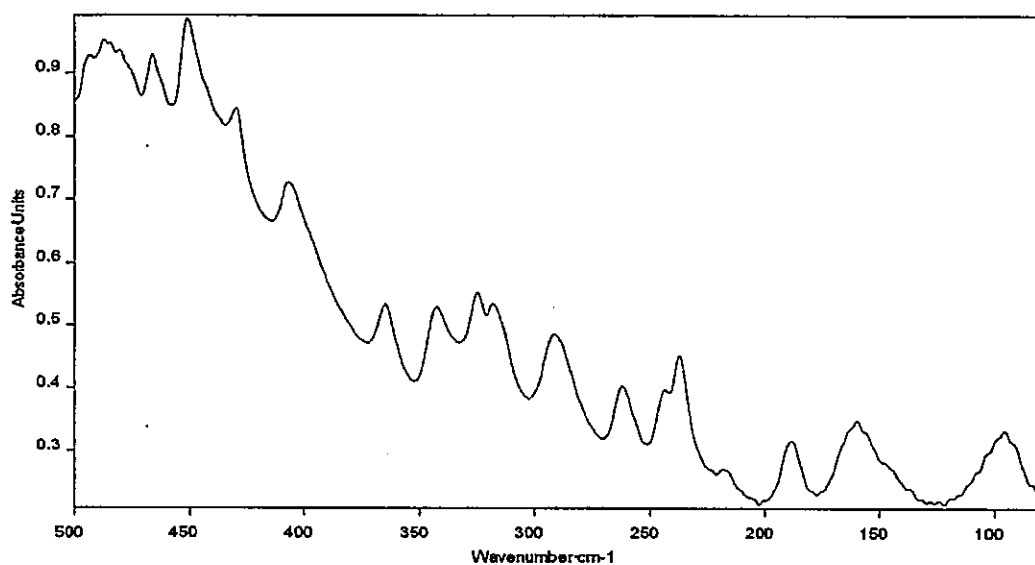

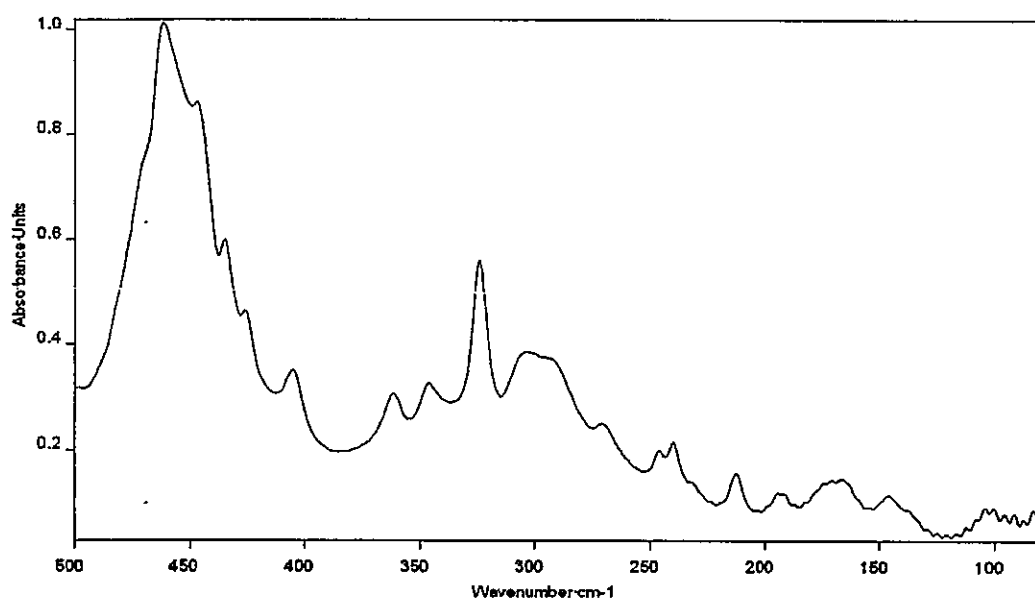

- 12/21 -

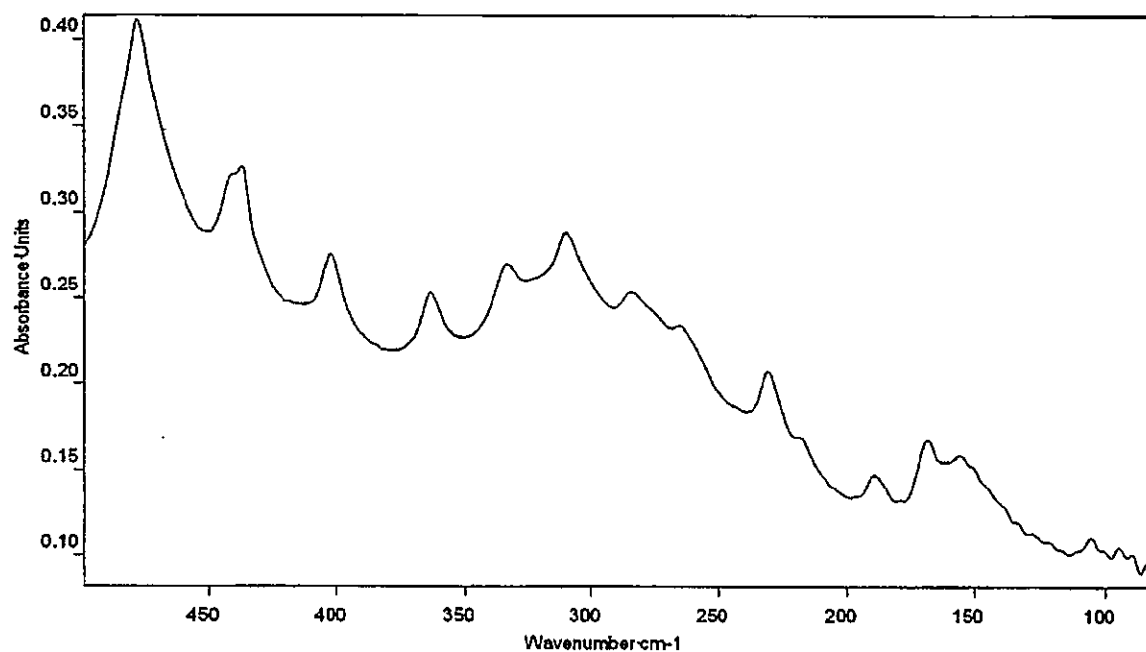

4 e) mesomorphic form

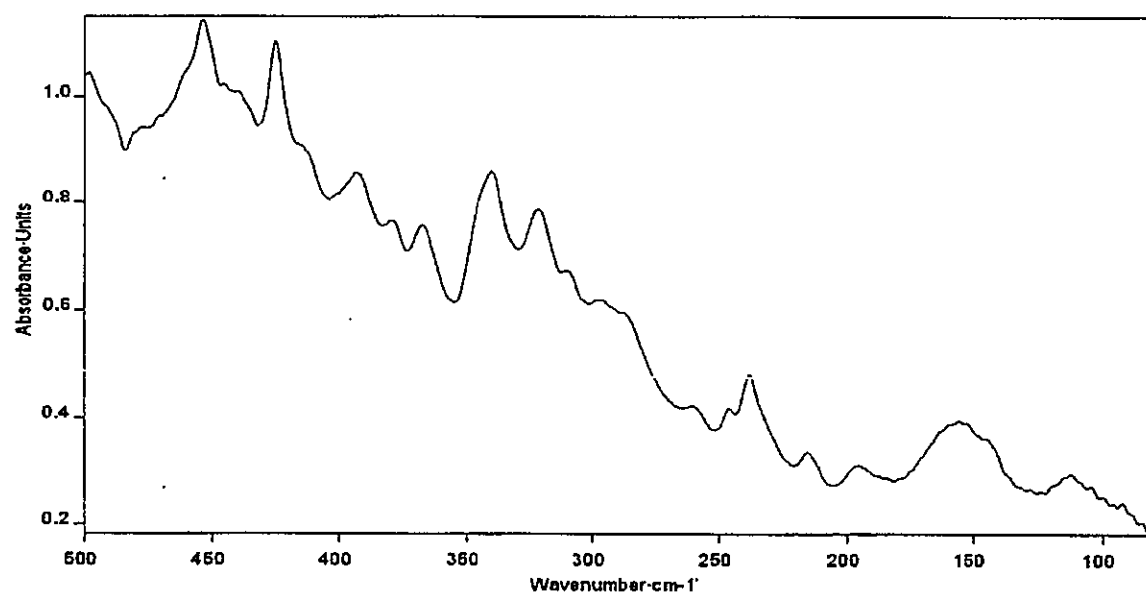

4 f) amorphous form

Fig. 5: FIR spectra of modifications I-IV, the mesomorphous form and the amorphous form**5 a) modification I****5 b) modification II**

- 14/21 -

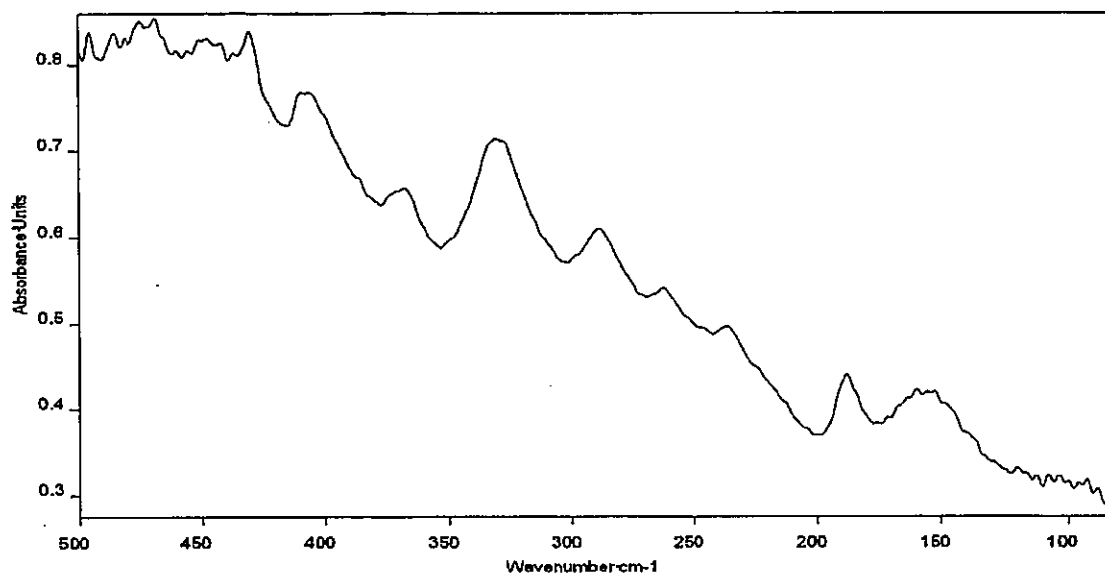

5 c) modification III

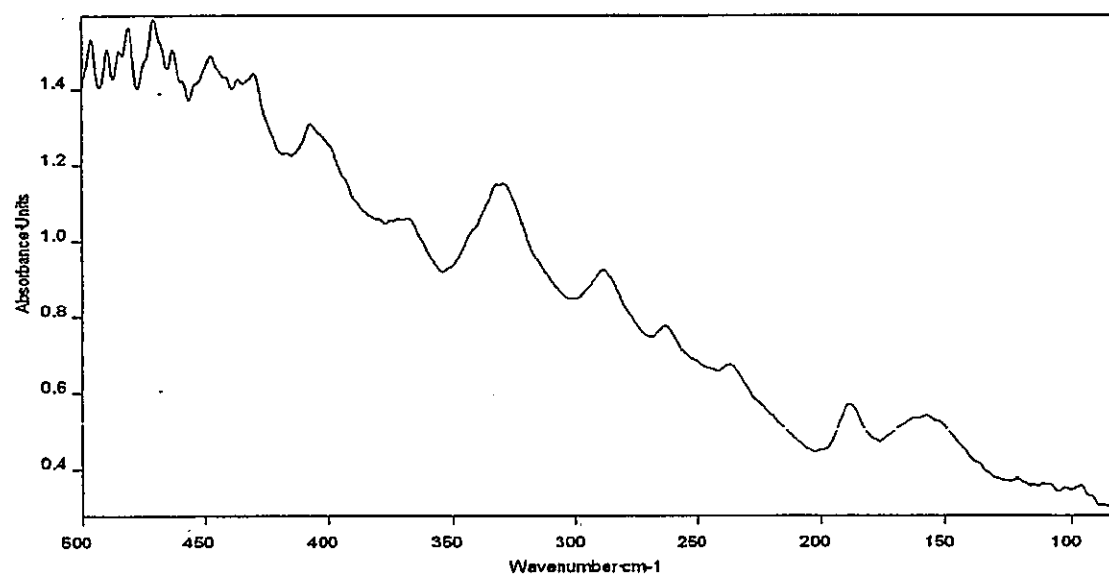

5 d) modification IV

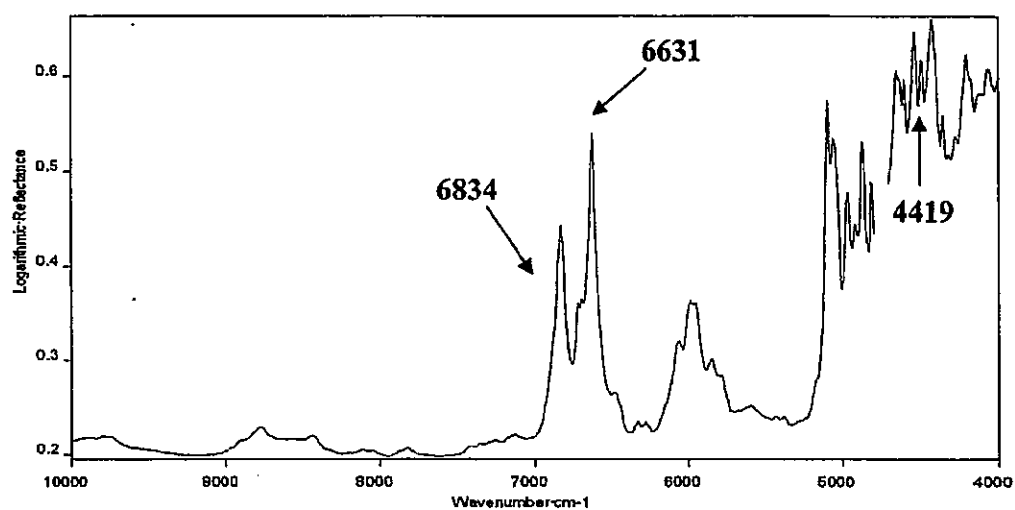

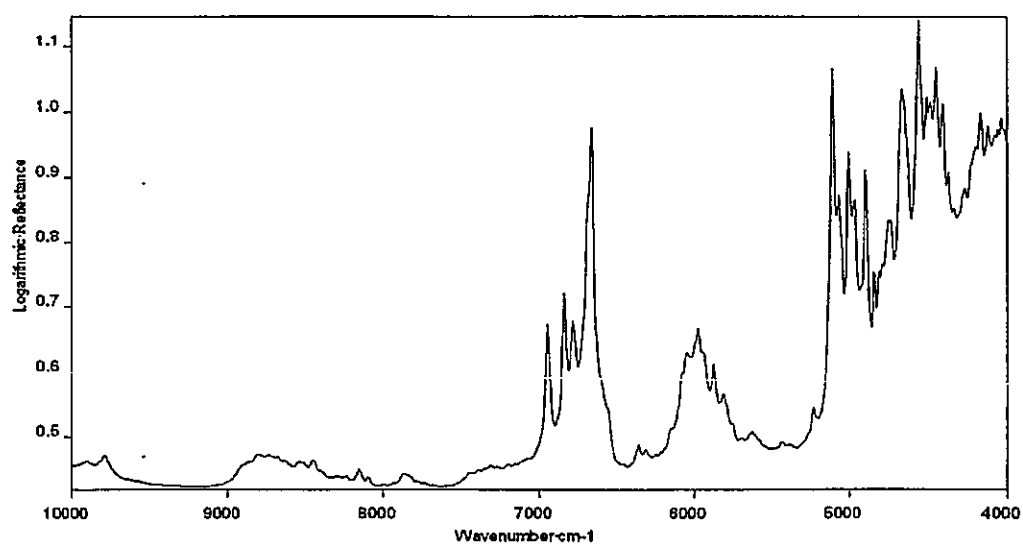

- 15/21 -

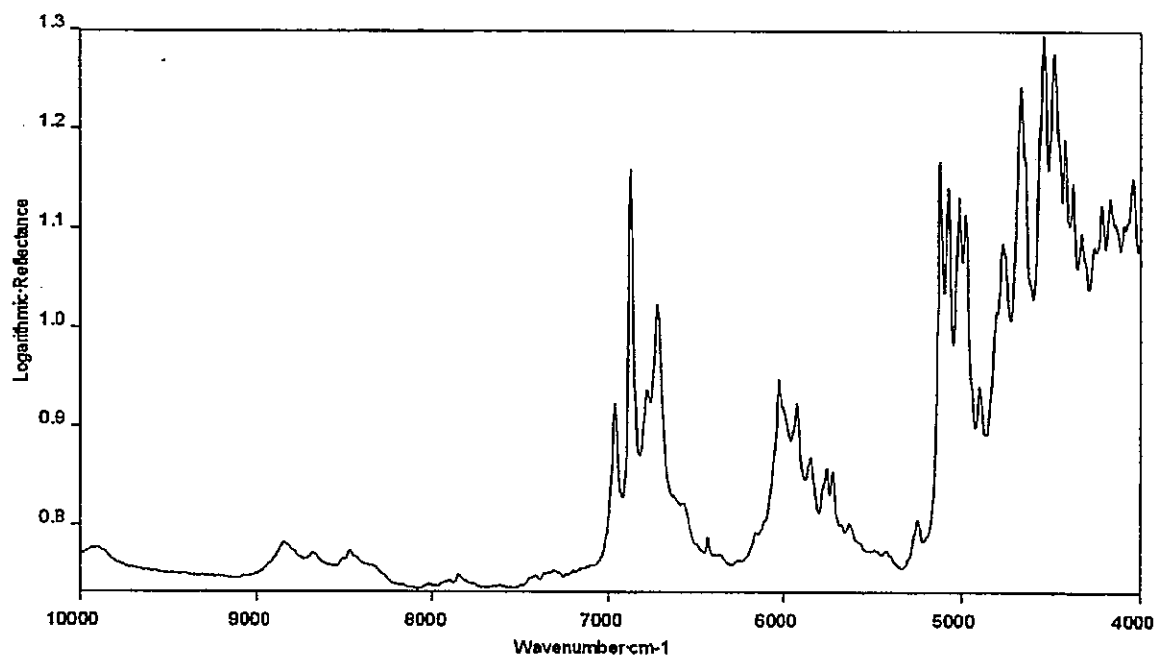

5 e) mesomorphous form

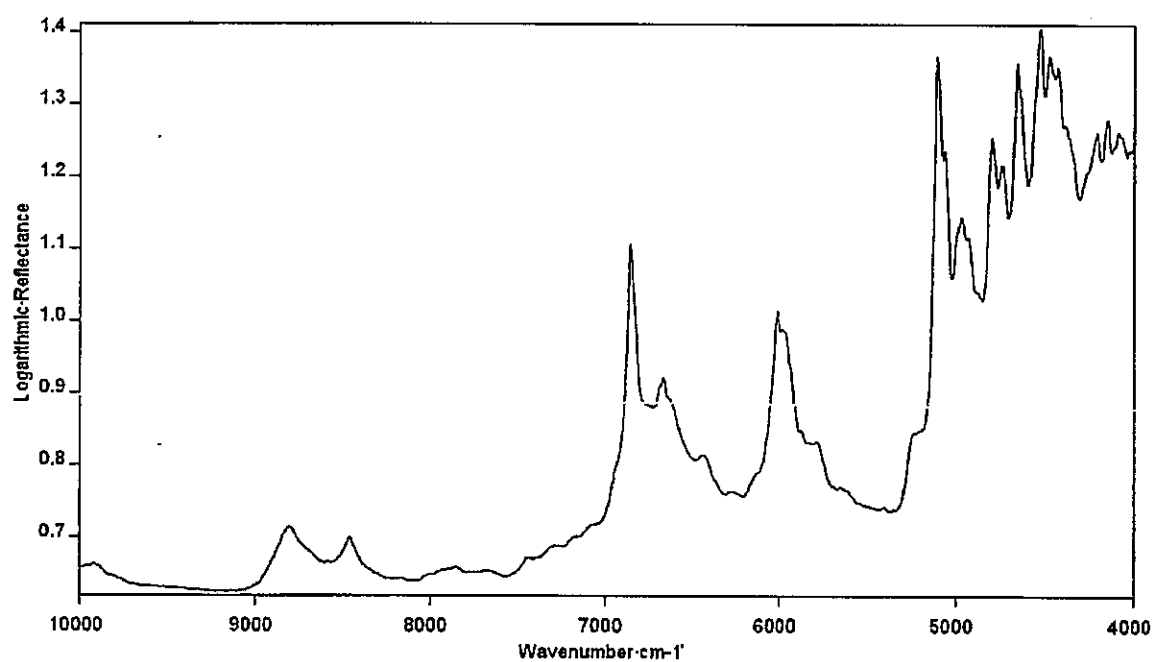

5 f) amorphous form

Fig. 6: NIR spectra of modifications I-IV, the mesomorphous form and the amorphous form**6 a) modification I****6 b) modification II**

- 17/21 -

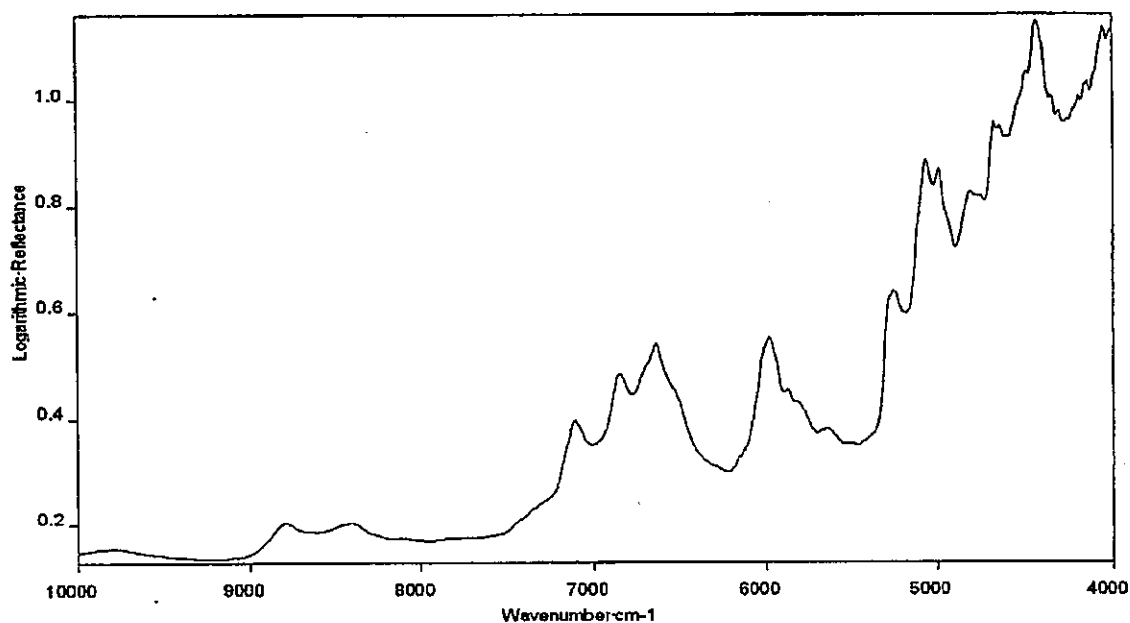

6 c) modification III

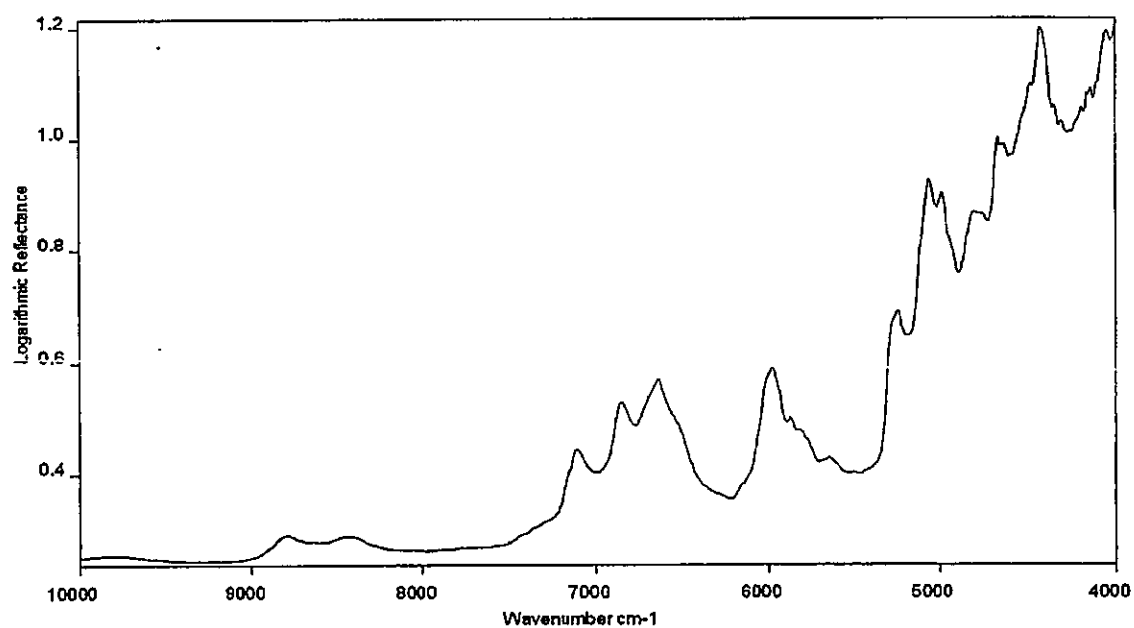

6 d) modification IV

- 18/21 -

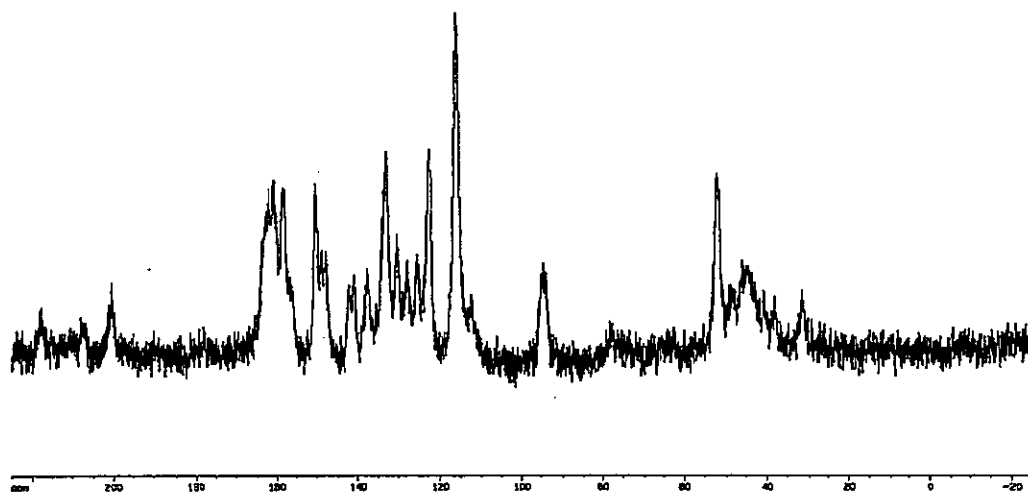

6 e) mesomorphous form

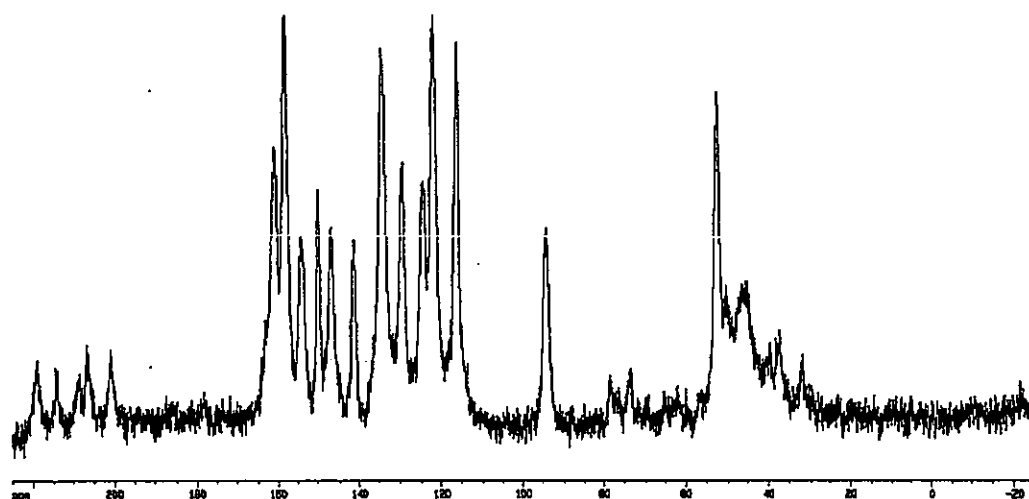

6 f) amorphous form

Fig. 6: ^{13}C solid-state NMR spectra of modifications I-IV, the mesomorphous form and the amorphous form

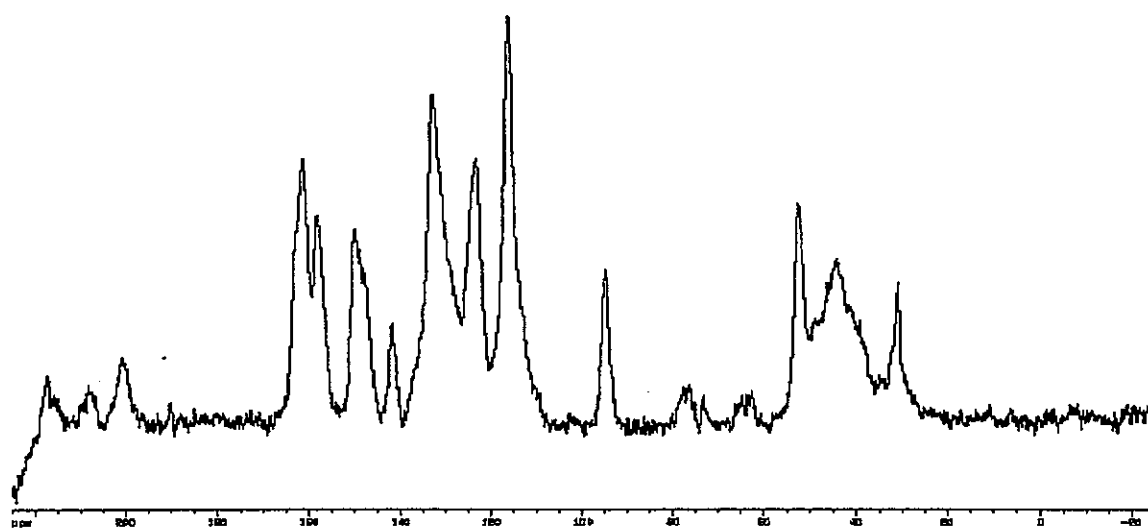

7 a) modification I

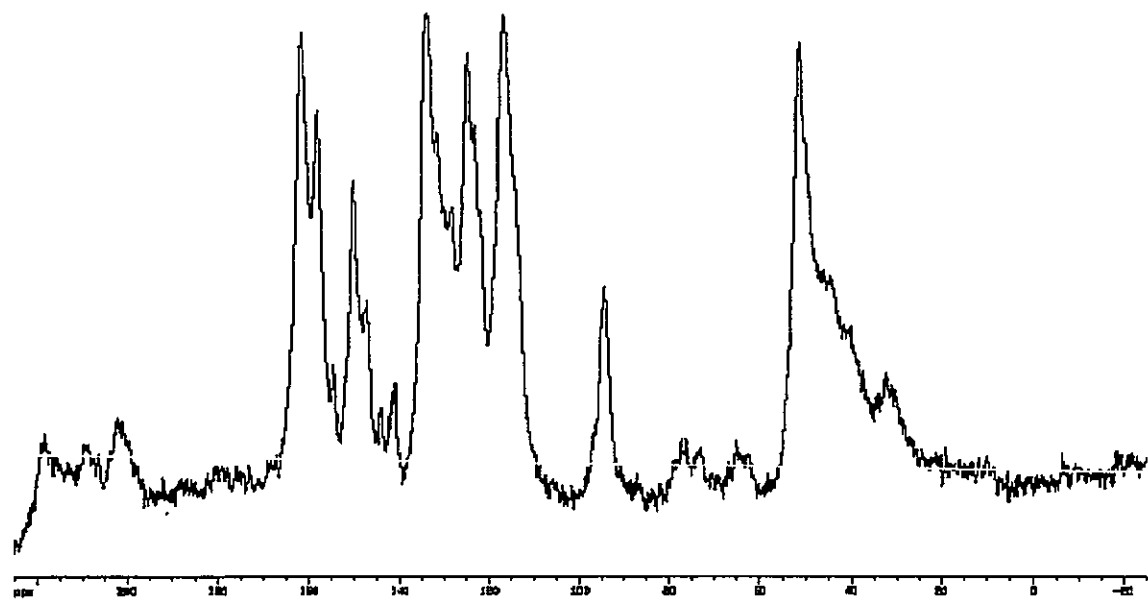

7 b) modification II

- 20/21 -

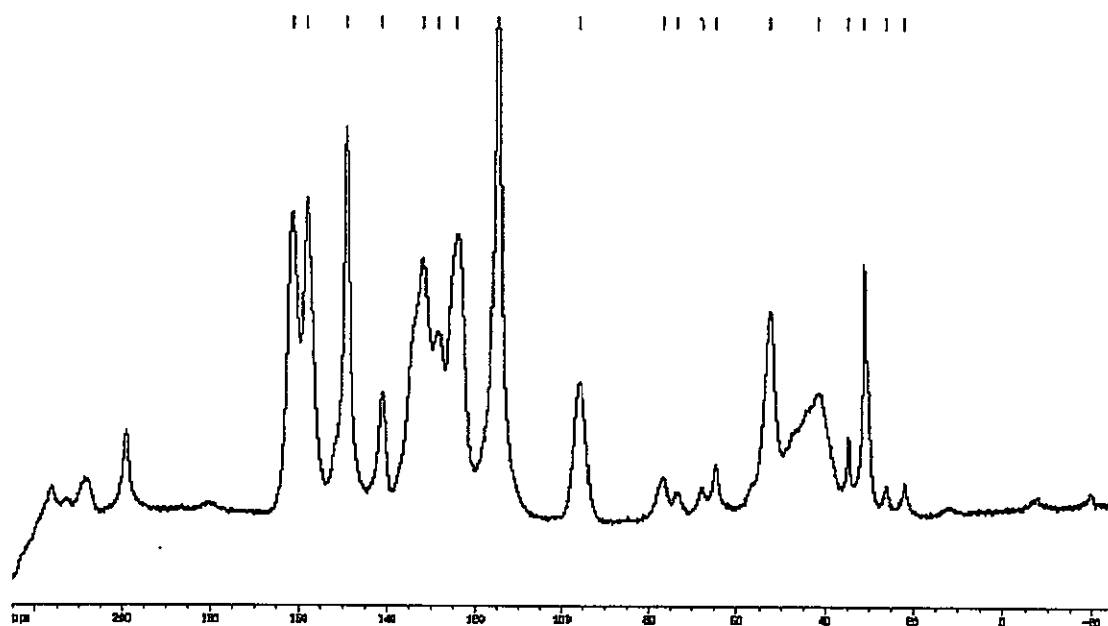

7 c) modification III

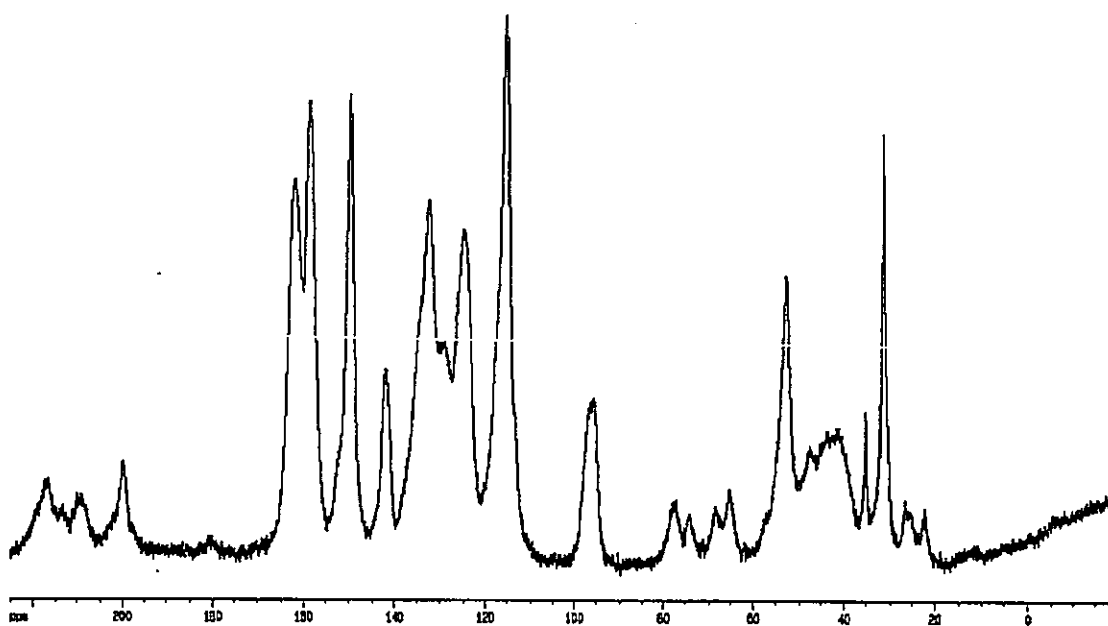

7 d) modification IV

- 21/21 -

7 e) mesomorphous form

7 f) amorphous form
