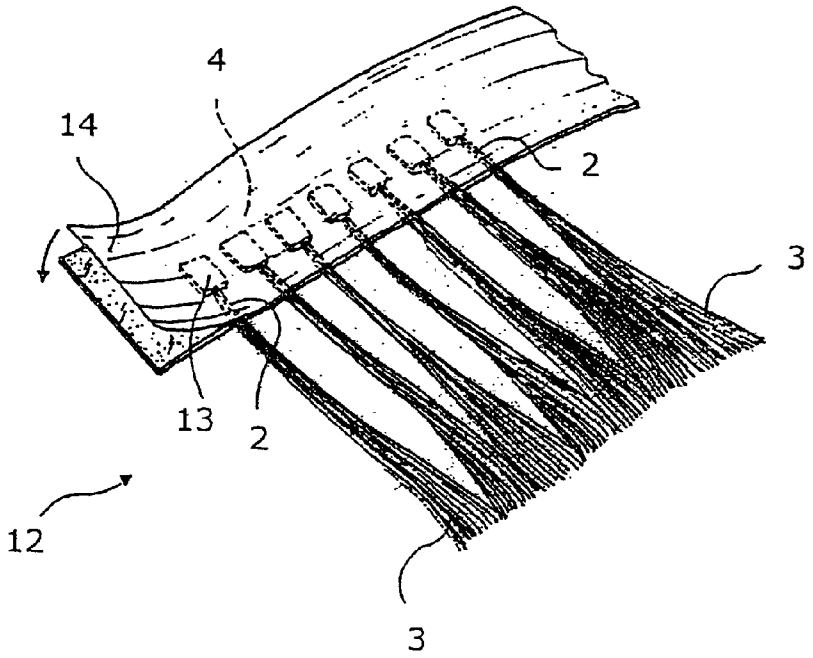
(54) Title: METHOD AND ASSEMBLY FOR INCREASING HAIR VOLUME



(57) Abstract: The invention relates to a method for increasing hair volume or length, comprising the following steps: - providing a plurality of extensions (C) comprising several hairs (3), which are connected by a fixing element (13), said extensions (C) being aligned and basically in parallel with their fixing elements (13) located on a support tape (11) having an adhesive face (11a); - adhering the adhesive face (11a) of the support tape (11) to head hair (T) and positioning the extensions (C); - connecting the extensions (C) with the head hair by attaching the fixing elements (13) to it. Further the invention relates to an assembly (12) for use in such method.
