- (54) Title:** COLLAPSIBLE CRATE

FIG. 1A

- (57) Abstract:** A collapsible crate is disclosed having a base and a plurality of walls. The base includes a top surface and defines a cavity below the top surface. The plurality of walls are removably attachable to one another and are movable between a first configuration where the plurality of walls extend substantially vertically above the top surface of the base and a second configuration where the plurality of walls are within the cavity of the base.
