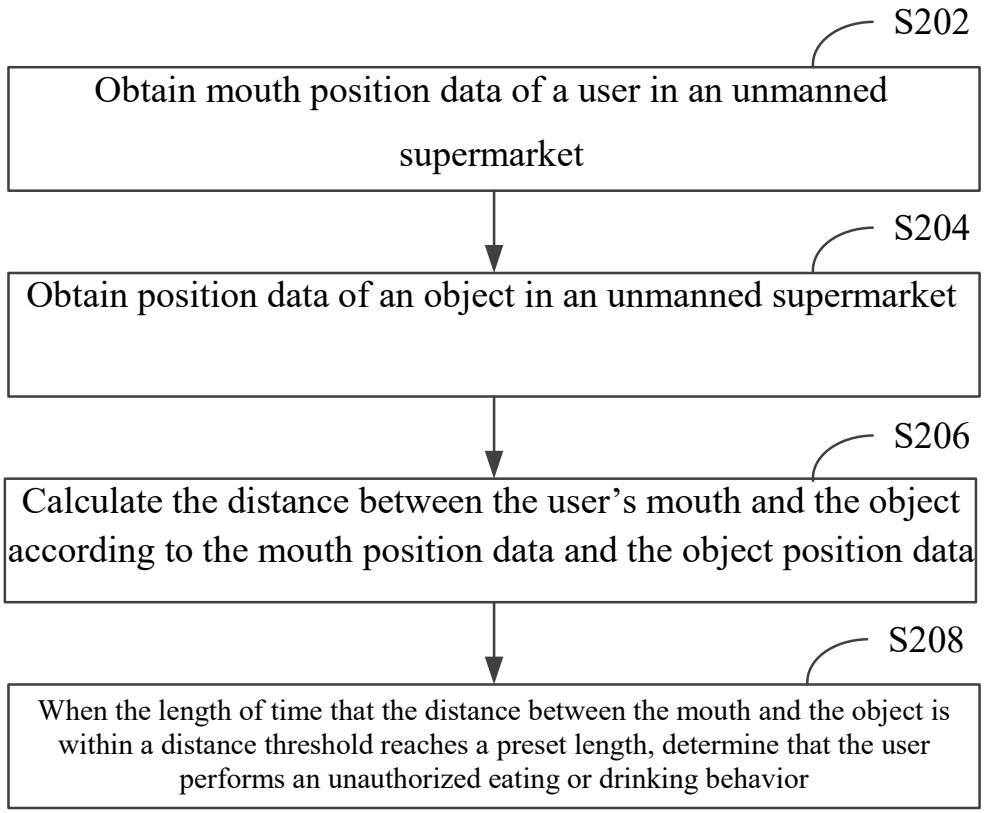
S102
Obtain body data of a user in an unattended scene
S104
Obtain feature data of an object in the unattended scene
S106
Recognize whether the user performs an unauthorized behavior according to the body data and the feature data of the object

FIG. 1



S202
Obtain mouth position data of a user in an unmanned supermarket
S204
Obtain position data of an object in an unmanned supermarket
S206
Calculate the distance between the user's mouth and the object according to the mouth position data and the object position data
S208
When the length of time that the distance between the mouth and the object is within a distance threshold reaches a preset length, determine that the user performs an unauthorized eating or drinking behavior

FIG. 2
