

HEADGEAR ASSEMBLY FOR BREATHING INTERFACE

ABSTRACT

5 An interface and headgear assembly includes a headgear assembly. The headgear
assembly has a first strap configured to connect to the interface. A crown strap can be
adjusted along a length of the first strap. In some configurations, the crown strap has a first
portion and a second portion that are adjustably connected. The crown strap can be
removably connected to the first strap using bridge regions of the first portion and the second
10 portion.
