(54) Title: WORKSPACE WALL, AIR PURIFYING DEVICE, AND DESKTOP SYSTEM

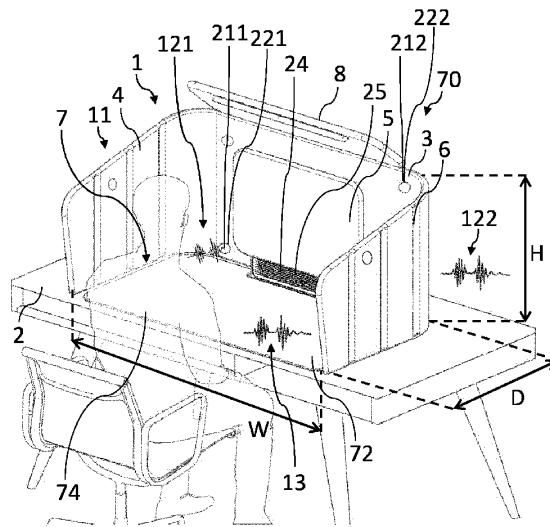

Fig. 3

(57) Abstract: The invention relates to a workspace wall (1) for placement on a desk to reduce noise within a noise reduction area (7) in an operating orientation (11). The workspace wall (1) comprises a main wall element (3), at least one wing panel (4), optionally at least one sound detection element (21) for detecting a sound signal input (12), and at least one sound generating device (22), preferably for active noise reduction and/or a passive noise reduction element (20). The at least one sound generating device (22) and/or the passive noise reduction element (20) is configured to reduce the level of noise within the noise reduction area (7).
