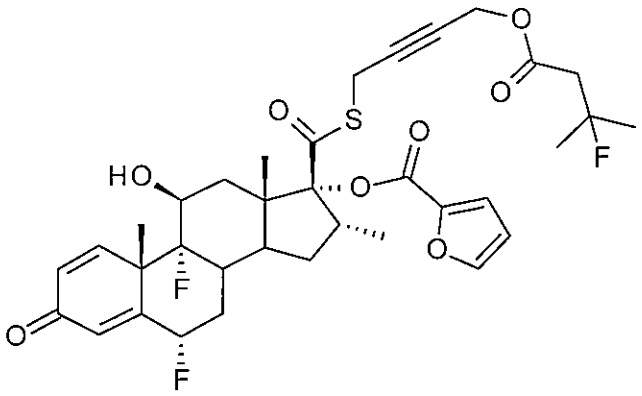
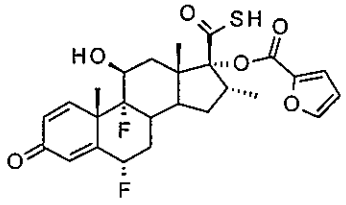
Claims:

1. A compound of the formula I

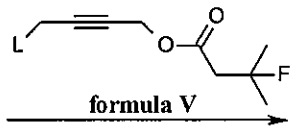


formula I

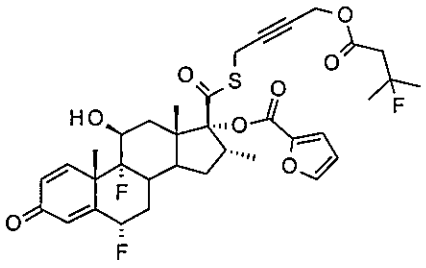
2. A process for preparing a compound of formula I comprises alkylation of a compound of formula IV with alkyne moiety of formula V,



formula IV



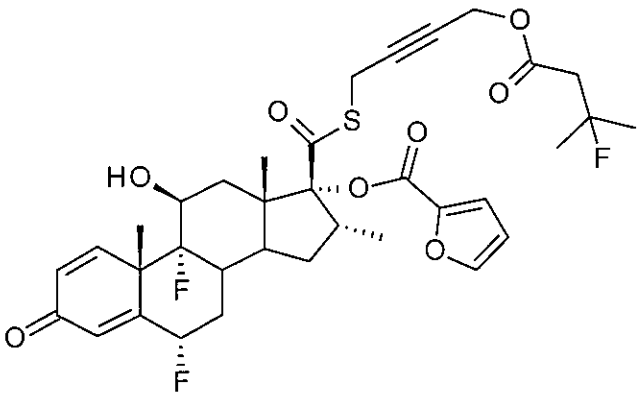
formula V



formula I

wherein, in the compound of formula V, L represents a leaving group.

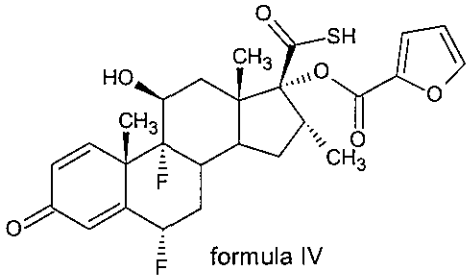
3. A process for preparing a compound of formula I



formula I

comprising

a. alkylation of a compound of formula IV

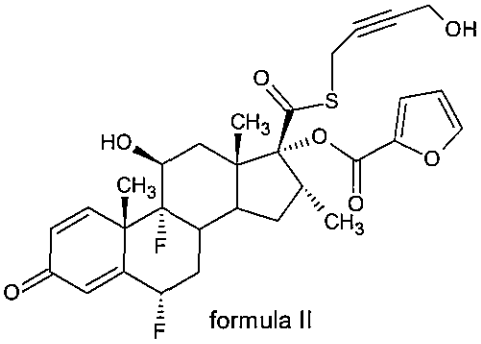


formula IV

with a compound of formula VI,

formula VI

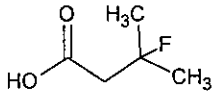
wherein L is a leaving group, to obtain a compound of formula II



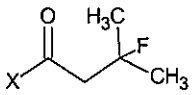
formula II

and,

b. treating the compound of formula II with a compound of formula VII or a compound of formula VIIa



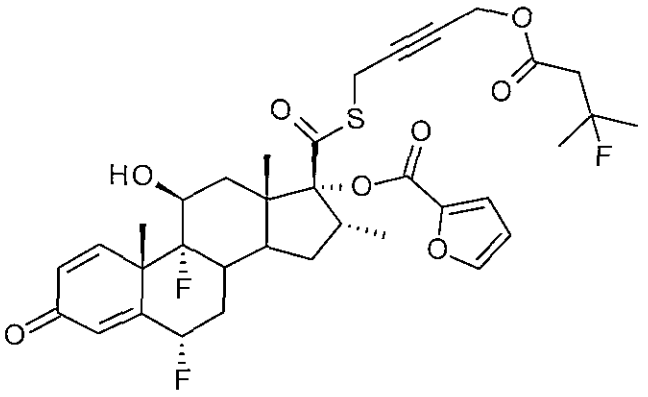
formula VII



formula VIIa

wherein, X in compound of formula VIIa is halide.

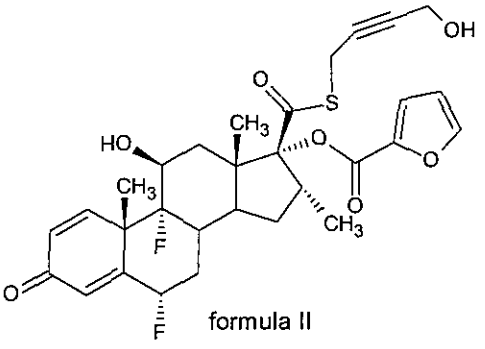
4. A process for preparing a compound of formula I



formula I

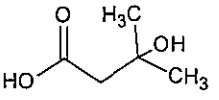
comprising

a. acylating a compound of formula II



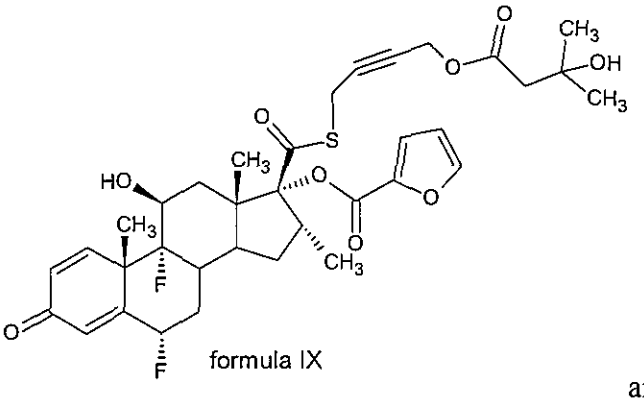
formula II

with a compound of formula VIII



formula VIII

to obtain a compound of formula IX



formula IX

and

b. Fluorinating the compound of formula IX.
