ABSTRACT OF THE DISCLOSURE

WHISTLING FOOTWEAR AND METHOD FOR MAKING THE SAME

A method for making an article of footwear includes the steps of: attaching an upper (12) to an insole (11); attaching a flexible foam member (13) to a heel part of the insole (11) opposite to the upper (12); mounting the upper (12) on a last (100) together with the insole (11) and the foam member (13); mounting the last (100) together with the upper (12), the insole (11) and the foam member (13) on a mold (200) having a mold cavity (210); injection molding a molding material in the mold cavity (210) so as to form an outsole (20) integral with the insole (11) and enclosing the foam member (13); forming a hole (222) in the foam member (13) through the outsole (20); and installing a whistle (30) inside the hole (222).
