(54) Title: MULTIVALENT VACCINE COMPOSITION WITH MIXED CARRIER

(54) Titre: COMPOSITION VACCINALE MULTIVALENTE A PORTEUR MIXTE

(57) Abstract

The invention concerns a pharmaceutical composition for treating or preventing a certain number of infections caused by pathogenic agents such as bacteria, comprising as immunogen, one or several polyosides derived from one or several pathogenic agents. The polyosides are in the form of conjugates, coupled with a carrier protein. The composition contains at least two types of conjugates, each being at least characterised by a different protein carrier.

(57) Abrégé

La présente invention a pour objet une composition pharmaceutique destinée au traitement ou à la prévention d'un certain nombre d'infections dues à des agents pathogènes tels que les bactéries, qui comprend à titre d'agent immunogène, un ou des polyosides dérivés d'un ou de plusieurs agents pathogènes. Les polyosides sont sous forme de conjugués, couplés à une protéine porteuse. La composition contient au moins deux types de conjugués, chacun étant au moins caractérisé par une protéine porteuse différente.
