(54) Title: METHODS FOR HIGH THROUGHPUT RECEPTOR:LIGAND IDENTIFICATION

Fig. 1

(57) Abstract: Methods and systems for high-throughput Identification of receptor: ligand interactions are provided. Throughout this application various publications are referred to in parentheses. Full citations for these references may be found at the end of the specification. The disclosures of these publications, and all patents, patent application publications and books referred to herein, are hereby incorporated by reference in their entirety into the subject application to more fully describe the art to which the subject invention pertains.
