FIG. 9

The screenshot shows a mobile application interface with a status bar at the top displaying 'SKT', signal strength, HD Voice, 62% battery, and the time 'PM 2:13'. Below the status bar is a navigation bar with three buttons: 'Close', 'Type detailed information', and 'Register'. The main content area is divided into sections. The first section is titled 'Contents digit string' and contains a text input field with the value '01067428142' (labeled 131) and a 'Duplicate check' button. Below this is a text area labeled '-Description of contents digit string'. The second section is titled 'Telephone number 1' and contains a text input field (labeled 124) and a text area labeled 'Description of telephone number 1'. The third section is titled 'Telephone number 2' and contains a text input field and a text area labeled 'Description of telephone number 2'. The fourth section is titled 'Telephone number 3' and contains a text input field and a text area labeled 'Description of telephone number 3'.
