

## Abstract

Provided is a novel sweetener composition containing a steviol glycoside and a flavor component. Also provided are a food and drink and a beverage containing the sweetener composition. The sweetener composition contains a steviol glycoside and a flavor component, wherein the total content of rebaudioside A, rebaudioside D, and rebaudioside M is 15-80 wt% with respect to the total steviol glycoside content, and the flavor component contains one or more selected from the group consisting of furaneol, hydroxymethylfurfural, furfural, vanillin, cyclohexenone, and damascenone.
