1

Figure 1 is a schematic diagram of a device 1. The device has an irregular, elongated shape. A solid line 2 represents the outer boundary, and a dashed line 3 represents an inner boundary. A horizontal line M passes through the center of the device. A bracket 5b is positioned on the left side of the solid boundary 2, indicating a specific region or feature.

Figure 1 is a plan view of the device 1. The device 1 has an elongated, irregular shape. It features a central rectangular region 3, which is a display or sensor area. On the left side of the device, there is a 3x4 grid of circular elements 20. On the right side, there are two circular elements 20. The entire device is outlined by a curved line 2. A reference numeral 1 points to the overall device.
