(54) Title: ELECTRICAL INSULATING OIL COMPOSITIONS AND PREPARATION THEREOF

(57) Abstract: An electrical insulating oil composition is prepared from an isomerized base oil. The electrical insulating oil composition in one embodiment exhibits excellent sulphur corrosion protection property with a sulphur level of < 5ppm; excellent gassing tendency of < 30 ?L per minute as measured according to ASTM D-2300-1976, and a rotary pressure vessel oxidation stability (RPVOT) value of at least 400 minutes as measured according to ASTM D 2272-02.
