4-ARYLMORPHOLIN-3-ONE DERIVATIVES, PREPARATION AND THERAPEUTIC USE THEREOF

Sanofi-aventis

Abstract

The invention relates to compounds corresponding to formula (I):

(I)

in which:

- Ar represents a mono- or disubstituted phenyl;
- R_1 represents an unsubstituted or substituted phenyl;
- R_2 represents:
  - . a pyridyl;
  - . an unsubstituted or substituted phenyl;
  - . a benzyl that is unsubstituted or substituted on the phenyl;
- R_2 may moreover represent:
  - . a heterocyclic radical;
- R_3 represents various values.

Preparation process therefor and therapeutic application thereof.
