(54) Title: SYNTHESIS OF HYDANTOIN CONTAINING PEPTIDE PRODUCTS

Figure 2

(57) Abstract: The present invention relates to a method of synthesizing a peptide product comprising at least one hydantoin group. The peptide product may be used as a reference material for the quality control of pharmaceutical peptides, particularly for the quality control of exendin peptides. Further, the invention relates to hydantoin building blocks, a method for manufacturing such building blocks and their use for the synthesis of peptide products.
