CLAIMS

1. Compositions comprising:

a) bisulphite adducts of anthocyanosides derived from *Vaccinium myrtillus* extracts or contained in extracts of *Vaccinium myrtillus*,

b) lipophilic extract of *Echinacea angustifolia* or *purpurea*,

and optionally

c) visnadine and/or esculoside.

2. Compositions according to claim 1, containing 0.05 to 2% of bisulphite adducts of anthocyanosides derived from *Vaccinium myrtillus* extracts or contained in extracts of *Vaccinium myrtillus*, 0.01 to 1% of lipophilic extract of *Echinacea angustifolia* or *purpurea* and optionally 0.1 to 1% of visnadine and/or esculoside.

3. Compositions according to claim 1 or 2, suitable for topical administration.

4. Compositions according to any one of claims 1-3, for use in the treatment of peripheral ulcers, of radiodermitis induced by radiotherapy and chemotherapy, of ulcerated haemorrhoids, of proctitis.

5. Compositions according to claim 4, wherein the ulcers are diabetic ulcers, ulcers of the limbs due to venous stasis, ulcers due to radiation or mechanical or thermal injuries and bedsores.

6. Bisulphite adducts of pure anthocyanosides derived from *Vaccinium myrtillus* extracts or of an anthocyanosides contained in extracts of *Vaccinium myrtillus* for use as topical medicaments for the treatment of ulcers and wounds.

7. Use of compositions according to any one of claims 1-3 in the manufacture of a medicament for the treatment of peripheral ulcers, of radiodermitis induced by radiotherapy and chemotherapy, of ulcerated haemorrhoids, of proctitis.

8. The use of compositions according to claim 4, wherein the ulcers are diabetic ulcers, ulcers of the limbs due to venous stasis, ulcers due to radiation or mechanical or thermal injuries and bedsores.

9. Use of bisulphite adducts of pure anthocyanosides derived from *Vaccinium myrtillus* extracts or of an anthocyanosides contained in extracts of *Vaccinium myrtillus* in the manufacture of a topical medicament for the treatment of ulcers and wounds.
