Update flag indicating 1?
No
Yes
Code update type flag
S704
S706
Update type flag indicating 0?
Yes
No
S708
Compute new update parameter using old quantization scaling matrix values
S710
Code update parameter
S714
Code new quantization scaling matrix values without using old quantization scaling matrix values
End

FIG. 10

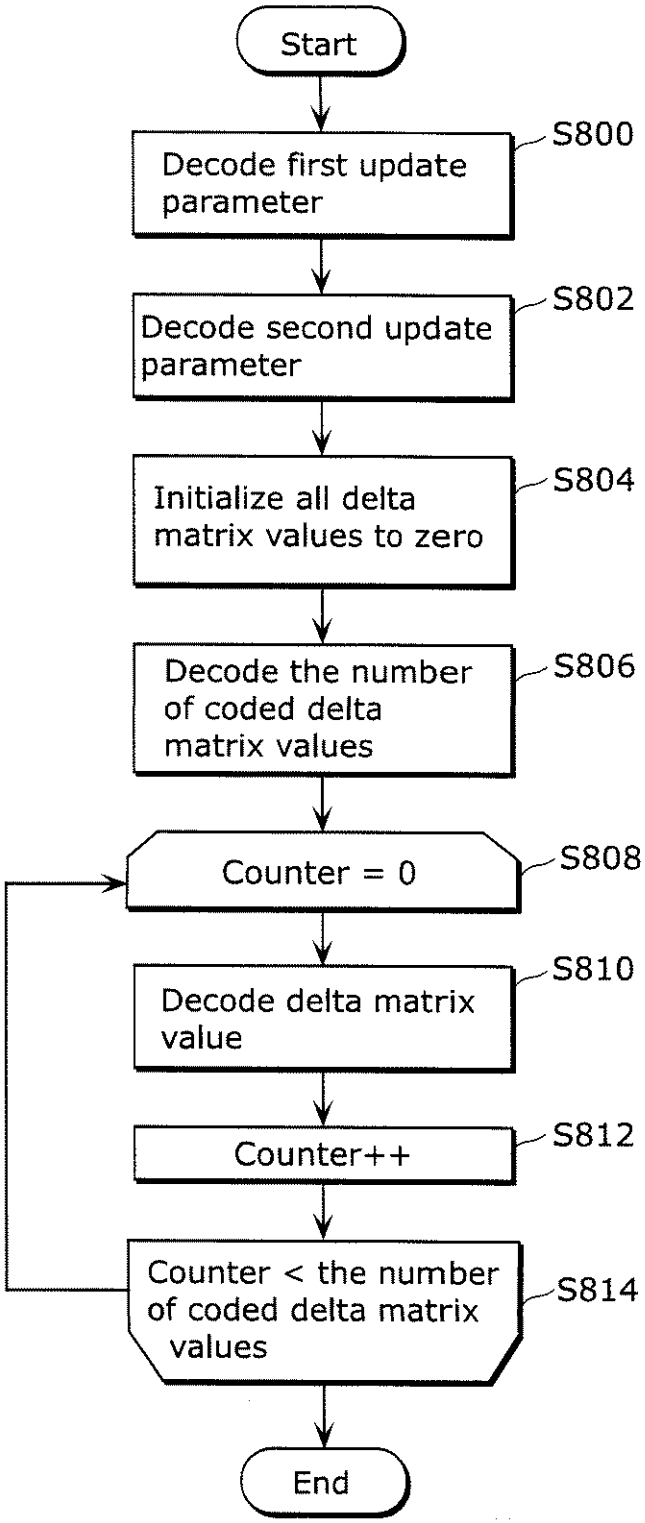

Start
Decode first update parameter
S800
Decode second update parameter
S802
Initialize all delta matrix values to zero
S804
Decode the number of coded delta matrix values
S806
Counter = 0
S808
Decode delta matrix value
S810
Counter++
S812
Counter < the number of coded delta matrix values
S814
End

FIG. 11

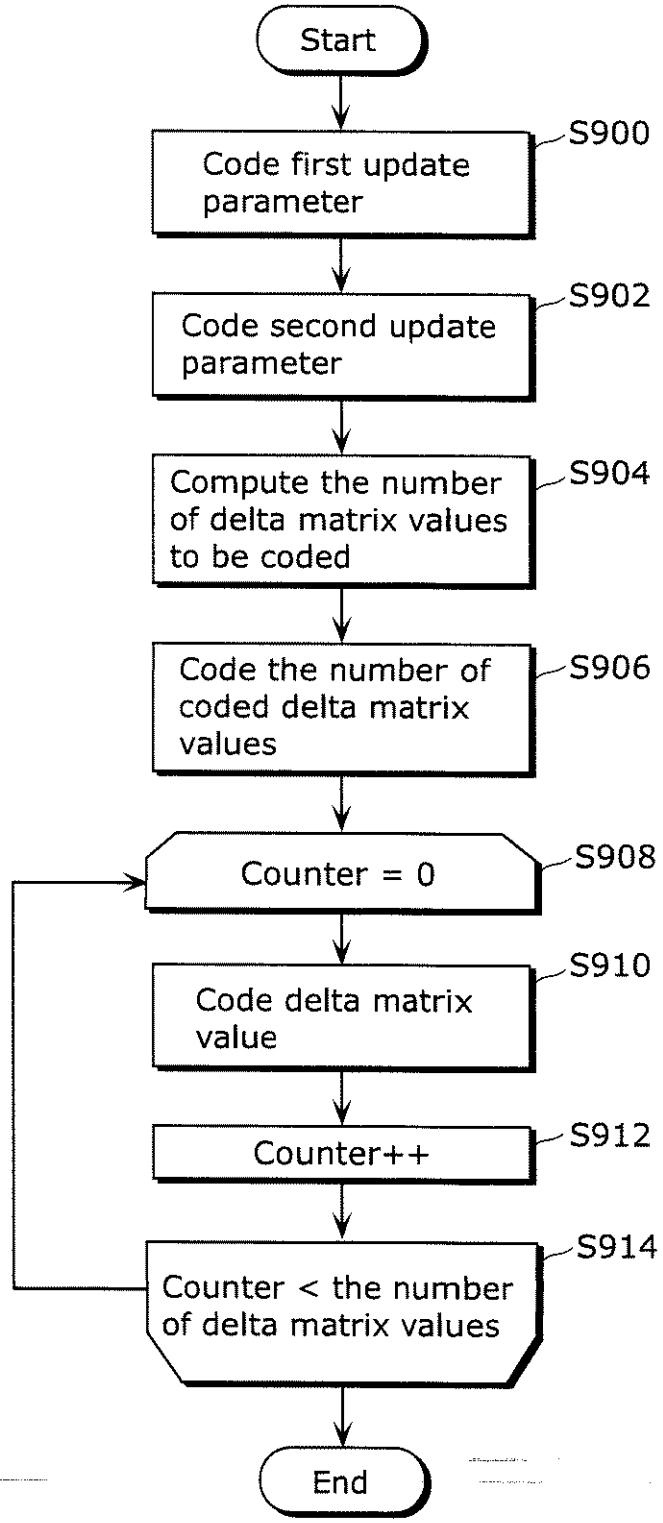

Start
Code first update parameter
S900
Code second update parameter
S902
Compute the number of delta matrix values to be coded
S904
Code the number of coded delta matrix values
S906
Counter = 0
S908
Code delta matrix value
S910
Counter++
S912
Counter < the number of delta matrix values
S914
End

FIG. 12

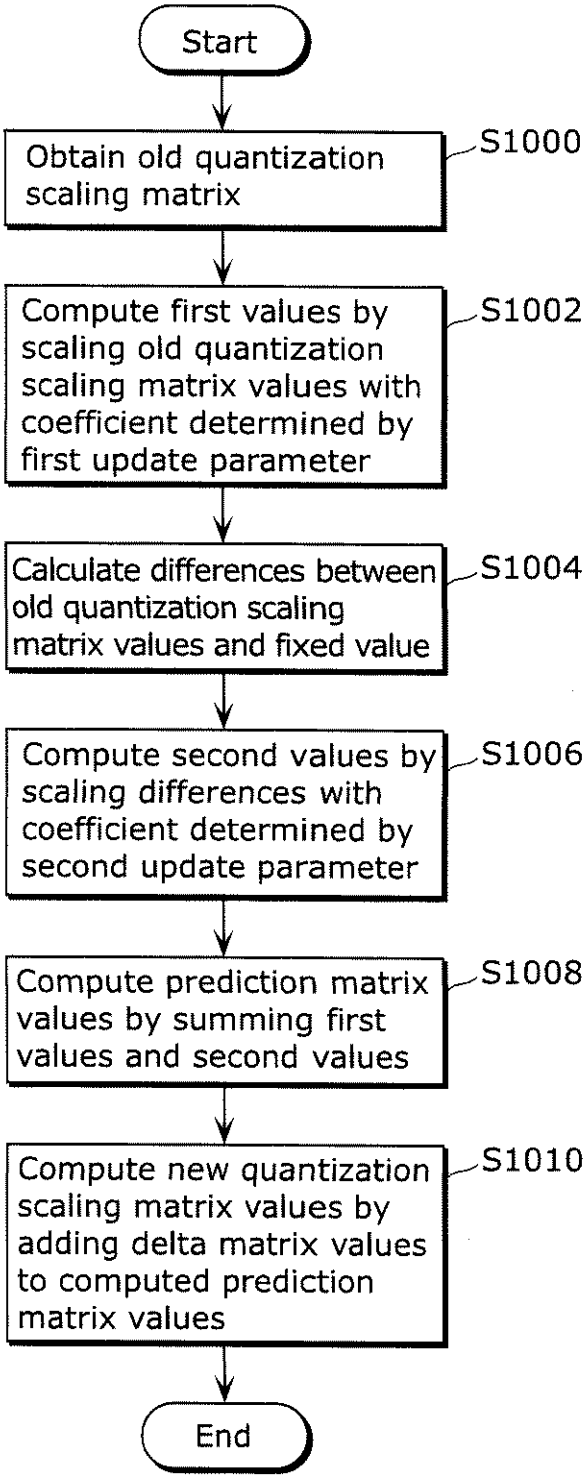

Start
Obtain old quantization scaling matrix
S1000
Compute first values by scaling old quantization scaling matrix values with coefficient determined by first update parameter
S1002
Calculate differences between old quantization scaling matrix values and fixed value
S1004
Compute second values by scaling differences with coefficient determined by second update parameter
S1006
Compute prediction matrix values by summing first values and second values
S1008
Compute new quantization scaling matrix values by adding delta matrix values to computed prediction matrix values
S1010
End

FIG. 13

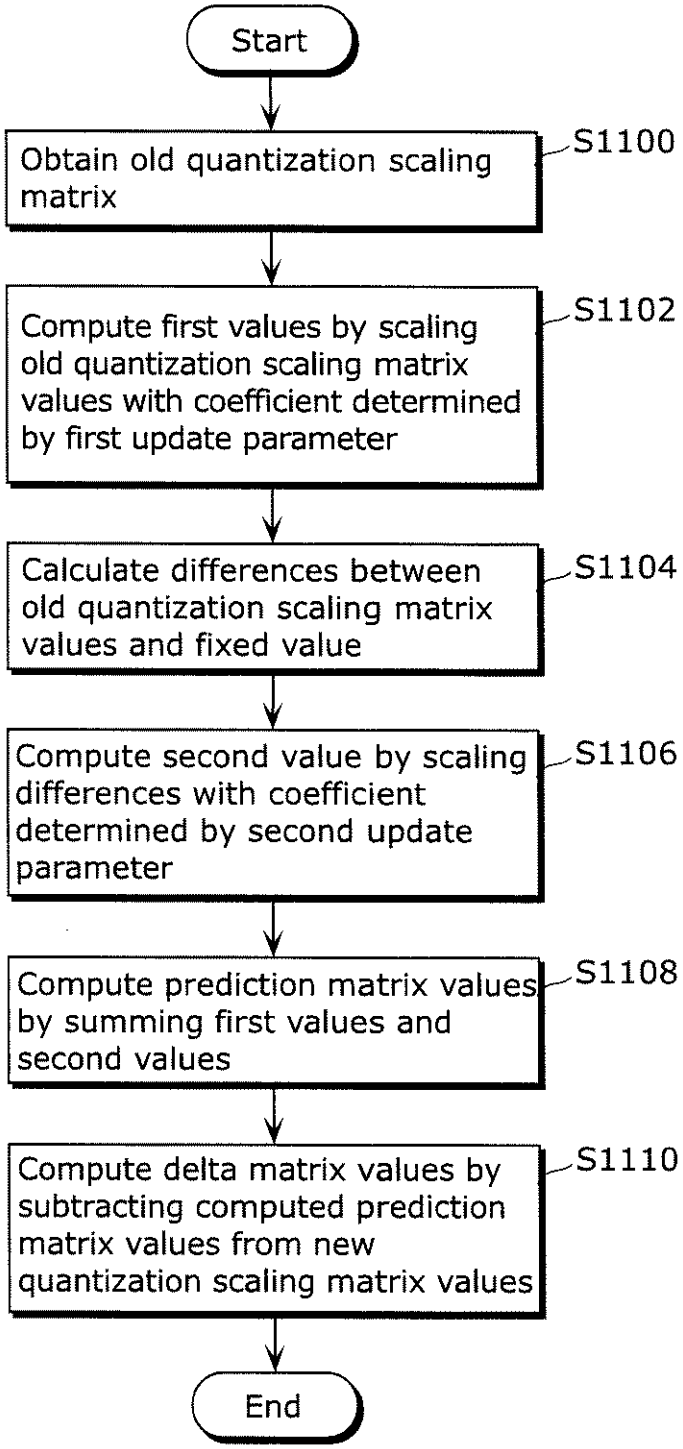

Start
Obtain old quantization scaling matrix
S1100
Compute first values by scaling old quantization scaling matrix values with coefficient determined by first update parameter
S1102
Calculate differences between old quantization scaling matrix values and fixed value
S1104
Compute second value by scaling differences with coefficient determined by second update parameter
S1106
Compute prediction matrix values by summing first values and second values
S1108
Compute delta matrix values by subtracting computed prediction matrix values from new quantization scaling matrix values
S1110
End
