The graph shows Transmission Power on the y-axis and Time on the x-axis. A series of rectangular pulses are shown along the time axis. The first pulse is labeled 625-a. A bracket labeled 630 spans a group of pulses: 625-b, 625-c, 625-d, 625-e, and 625-f. Pulse 625-b is cross-hatched, 625-c and 625-d are diagonally hatched, and 625-e and 625-f are solid black. A bracket labeled 635 spans pulses 625-f and 625-g. Pulse 625-g is cross-hatched. Ellipses indicate additional pulses before and after the main group.
