(71) Applicant *(for all designated States except US)*: LITTON SYSTEMS, INC. [US/US]; 21240 Burbank Boulevard, Woodland Hills, CA 91367 (US).

(72) Inventors; and

(75) Inventors/Applicants *(for US only)*: MARTIN, Graham [-/US]; 6122 Lockhurst Drive, Woodland Hills, CA 91367 (US). McLAUGHLIN, Joseph, L. [-/US]; 21 Conant Road, Marblehead, MA 01945 (US).

(74) Agents: REYNOLDS, Leo, R. et al.; Hamilton, Brook, Smith & Reynolds, P.C., Two Militia Drive, Lexington, MA 02173 (US).

(54) Title: AUTOSTEREOSCOPIC PROJECTION SYSTEM

(57) Abstract

An autostereo projection system uses multiple projectors to form an essentially seamless and extended field of view. Each projector is registered to a CRT display. Shutter elements in each projector create multiple pupils for each CRT display. Each CRT display is driven with different images for each shutter pupil. Seamlessness is promoted by the use of a tunable optical diffuser as part of a common lenticular viewing lens.
