

FIG. 1

FIG. 2

the set of time units in which sensing is to be performed is determined according to a second time unit

S21

FIG. 3

a set of time units in which sensing is to be performed is determined according to a first time unit and a second time unit

S31

FIG. 4

a set of time units in which sensing is to be performed is determined based on a first time unit, a first offset value, a second time unit, and a second offset value

S41

FIG. 5

a set of time units in which sensing is to be performed is determined based on a second time unit and a third offset value

S51

FIG. 6
