

ABSTRACT

ORALLY DISINTEGRATING TABLET

5 Provided is an orally disintegrating tablet comprising
brexpiprazole or a salt thereof that rapidly disintegrates in the
oral cavity while having hardness suitable for practical use.

 More specifically, provided is an orally disintegrating
tablet comprising (A) brexpiprazole or a salt thereof, (B) D-
10 mannitol, (C) partially pregelatinized starch, and (D) a
lubricant.
