

15. A compound according to claim 14, which is in a crystalline solid state form characterised by an X-ray powder diffraction pattern having diffraction peaks at 2θ values of 5.3, 5.8, 6.4, 9.0, 10.1, 10.9, 11.6, 12.7, 16.0 and 19.1.
16. A compound according to any of claims 1-11, which is in the form of a free base.
17. A pharmaceutical composition comprising a compound as defined in any of claims 1-16, and one or more pharmaceutically acceptable excipients.
18. A vaccine composition comprising a compound as defined in any of claims 1-16, and an antigen or antigen composition.
19. A compound as defined in any of claims 1-16 for use in therapy.
20. A compound as defined in any of claims 1-16 for use in the treatment of allergic diseases and other inflammatory conditions, infectious diseases or cancer.
21. A compound as defined in any of claims 1-16 for use in the treatment of allergic rhinitis.
22. A compound as defined in any of claims 1-16 for use in the treatment of asthma.
23. Use of a compound as defined in any of claims 1-16 in the manufacture of a medicament for the treatment of allergic diseases and other inflammatory conditions, infectious diseases or cancer.
24. Use of a compound as defined in any of claims 1-16 in the manufacture of a medicament for the treatment of allergic rhinitis.
25. Use of a compound as defined in any of claims 1-16 in the manufacture of a medicament for the treatment of asthma.
- ~~26. A method of treatment of allergic diseases and other inflammatory conditions, infectious diseases or cancer, which method comprises administering to a human subject in need thereof, a therapeutically effective amount of a compound as defined in any of claims 1-16.~~
- ~~27. A method of treatment of allergic rhinitis, which method comprises administering to a human subject in need thereof, a therapeutically effective amount of a compound as defined in any of claims 1-16.~~

~~28. A method of treatment of asthma, which method comprises administering to a human subject in need thereof, a therapeutically effective amount of a compound as defined in any of claims 1-16.~~

~~29. A method of treating or preventing disease comprising the administration to a human subject suffering from or susceptible to disease, a vaccine composition comprising a compound as defined in any of claims 1-16, and an antigen or antigen composition.~~

~~30.~~26. A vaccine composition as defined in claim 18, for use in therapy.

~~31. A method of treating or preventing disease comprising the administration to a human subject suffering from or susceptible to disease, a vaccine composition as defined in claim 18.~~

~~32.~~27. Use of a vaccine composition as defined in claim 18 for the manufacture of a medicament for therapy.
