FIG. 2

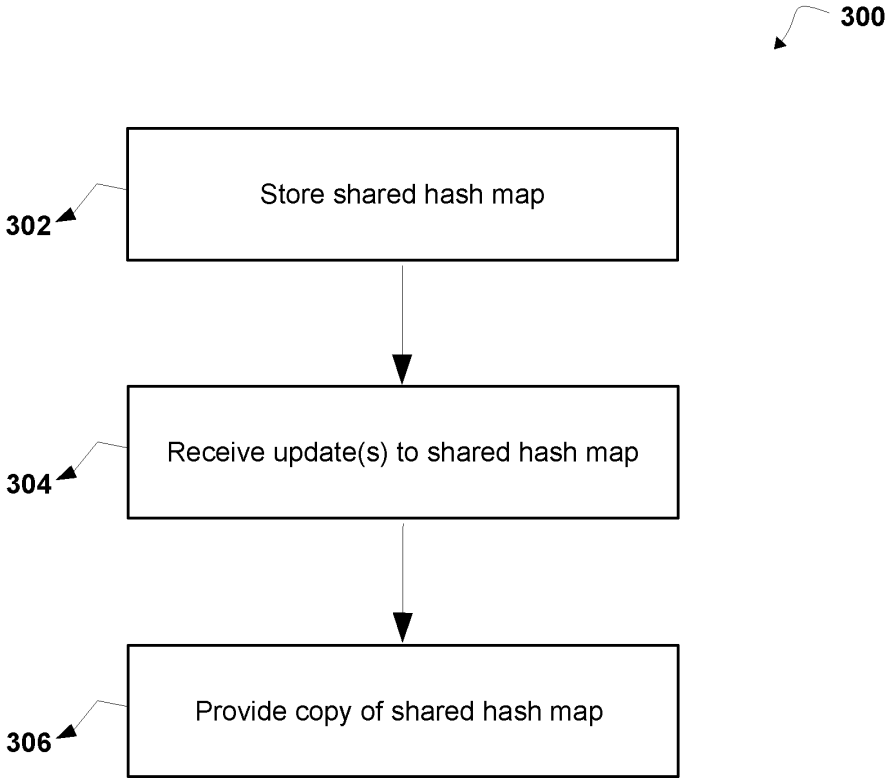

300
Store shared hash map
302
Receive update(s) to shared hash map
304
Provide copy of shared hash map
306

FIG. 3

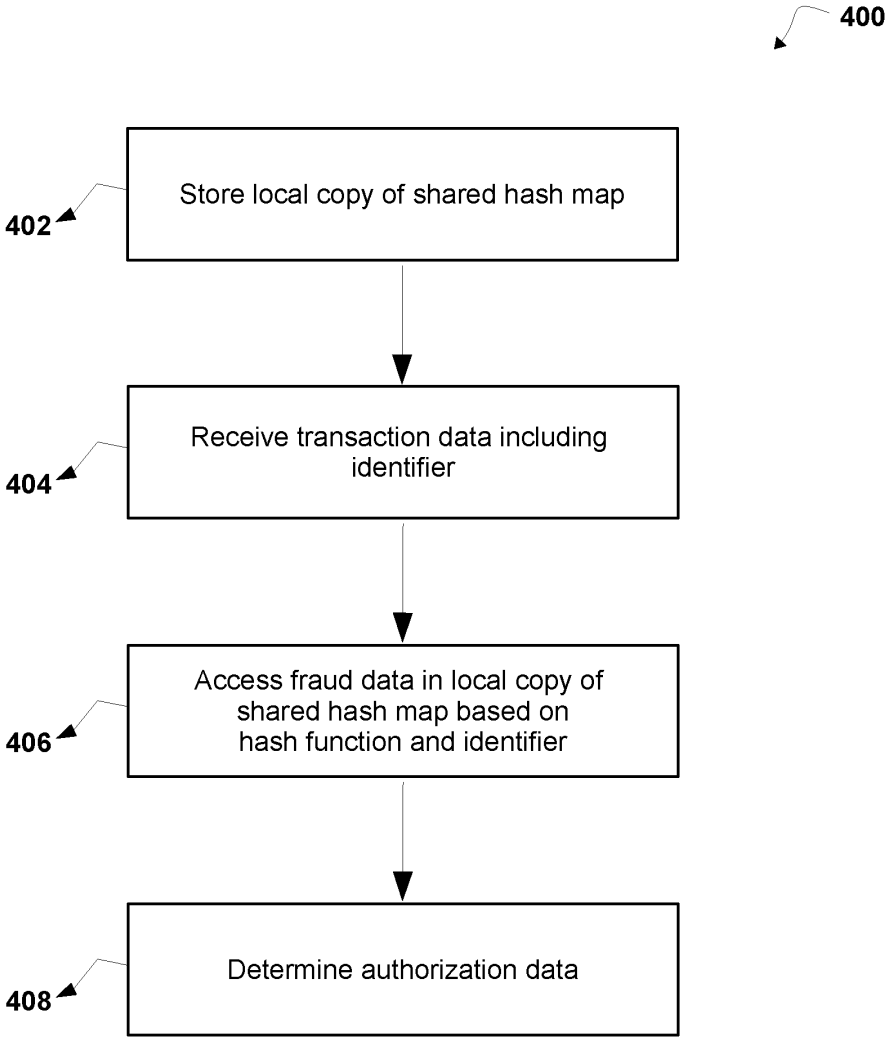

400
Store local copy of shared hash map
402
Receive transaction data including identifier
404
Access fraud data in local copy of shared hash map based on hash function and identifier
406
Determine authorization data
408
