In October, the interest rate on housing mortgage loan of a commercial bank actually rose to the level of 3%. Housing mortgage loan is cited as the main culprit of household debt, which is close to 1,300 trillion won, and except for January this year, the housing mortgage loan have stayed at the level of 2% all the time. The Cost of Funds Index (COFIX) used as the base rate first rebounded 0.04% point in the middle of September this year, and the limited supply of loan under the Government's total household debt amount management policy based on a financial institution has led to an increase in interest rates.

The housing mortgage rates of the four major banks on October, 20 were 2.86 to 4.56% per annum. The KB Kookmin Bank's 5-year mixed loan interest rate of the mortgage on an apartment is 2.94 to 4.24%, and the Woori Bank's 5-year fixed mixed-interest rate is 2.87 to 4.24%.

The KEB Hana Bank is also at 2.859 to 4.559%, and the Shinhan Bank, which stopped the sale of the mixed-type load mortgage, has a loan interest rate of 2.97 to 4.27% based on five years. Even if the credit rating is of the highest grade, it is not easy to meet all of the preferential interest rate requirements, so that interest rates have actually risen to 3%.

The rebound started in August. The Bank of Korea ...

Real estate restructuring measures are urgent... At the end of the term, "decision problem"

Article input 2016-10-21 02:07 | Final correction 2016-10-21 02:54 CHOOO·LEEOO·WHANGOO reporter

"The meeting is still overfull. The problem is internal stability, rather than the number of times of the meeting."

This is a response from an official from the government financial department immediately after Il-Ho, YU, who is the deputy prime minister and the Minister of Strategy and Finance, announced the opening of the "Economic Team" meeting on October 19. There are also regular meetings of the "Ministerial Meeting on Economic Relations" and the "Ministerial Meeting on Strengthening Industrial Competitiveness", which discusses the direction of restructuring. The problem is that it is difficult to expect fierce debate or dense debate among the heads of departments at these official meetings. He said, "In the meeting, we mainly pass the pre-coordinated agenda, and it is not an atmosphere to discuss issues in depth. This is because the ministers' attendance rate is low."

According to an official of the Ministry of Strategy and Finance, in addition to the official agenda, in the meeting of the economic ministers held on October 19, the discontinuation of the production of Samsung Electronics' Galaxy Note 7, Hyundai motor, ...
