

Compounds For Use In Prevention And Treatment Of Neurodegenerative Diseases And Pain

ABSTRACT

5

Compounds for use in prevention and treatment of neurodegenerative disease and pain are disclosed. In one embodiment of the invention, the compound is selected from the group consisting of N^6 -[(3-halothien-2-yl)methyl]adenosine, N^6 -[(4-halothien-2-yl)methyl]adenosine, and N^6 -[(5-halothien-2-yl)methyl]adenosine. In
10 another embodiment of the invention, the compound is selected from the group consisting of N^6 -[(2-bromothien-3-yl)methyl]adenosine, N^6 -[(4-bromothien-3-yl)methyl]adenosine, N^6 -[(5-bromothien-3-yl)methyl]adenosine, N^6 -[(2-chlorothien-3-yl)methyl]adenosine, N^6 -[(4-chlorothien-3-yl)methyl]adenosine, and N^6 -[(5-chlorothien-3-yl)methyl]adenosine. Also disclosed are methods of making and using
15 the same.
