(54) Title: PRECAST CONCRETE PANEL WITH A PLASTIC CLADDING, METHOD FOR MAKING THE PRECAST CONCRETE PANEL, PRECAST CONCRETE PANEL WITH LATERAL HOLLOW AND METHOD FOR MAKING IT

Fig. 1

(57) Abstract: The application provides a concrete product (874, 870). The concrete produce (874, 870) comprises a concrete mixture (874) and one or more claddings (870). An extruding process or slip forming process provides the concrete mixture (874). The claddings (870) are provided on one or more surfaces of the concrete product (874, 870) and they include one or more continuous plastic layers (872) as well as one or more studs (873). The studs (873) extend from the plastic layers (872) to interior areas of the concrete mixture (874).
