

ABSTRACT OF THE DISCLOSURE

ARTICLE WITH INTERLOCKING EDGES
AND COVERING PRODUCT PREPARED THEREFROM

An article is provided that is suitable for use in surface coverings, such as laminate floorings, wherein the article has at least one interlocking edge of a first profile and at least one interlocking edge of a second profile, the interlocking edges providing the ability to interlock adjacent articles without the need for an adhesive, and yet forming a substantially gapless seam between the articles. The articles may be joined and unjoined from each other a plurality of times without any substantial deterioration of the interlocking edge profiles.
