[0046]

[Table 3]

Material of which handle of hammer is made	Polyether-imide	Polypropylene	Chromium molybdenum steel (SCM440)	Polybenzimidazole
Elastic modulus of handle (MPa)	3300	1500	8100	6500
Average of results of scoring	4.2	4.8	1.8	3.0
Appearance of handle	with no change	with slight bend	with no change	with crack
