(54) **Title:** SYSTEMS, APPARATUS, AND METHODS FOR COLLABORATIVE AND DISTRIBUTED EMERGENCY MULTI-MEDIA DATA MANAGEMENT

**FIG. 2**

(57) **Abstract:** Systems, apparatus, and methods for collaborative and distributed emergency multimedia data management are described. In one aspect, a system includes a packet data reception interface. The system further includes a rules engine coupled with the packet data reception interface and configured to select a processing profile for packet data received, the rules engine further configured to associate packet data received with stored packet data. The system also includes a policy engine coupled with the rules engine and configured to execute the processing profile for packet data received.
