(54) Title: APPARATUS FOR REGISTERING INDICIA WITH LINES OF TERMINATION IN A TRANSPORTED SHEET

(57) Abstract

An apparatus (10) for registering indicia (30) with lines of termination (21) in a transported sheet (11), the apparatus comprising: a means for transporting a sheet in a first direction; a means (32) for applying spaced indicia to the sheet at predetermined repeating intervals and at a first rate; a means (34) for imparting lines of termination (21) to the sheet (11) at a second rate, the lines of termination (21) being in spaced relationship to the indicia (30) and a means (50) for adjusting the spaced relationship between the indicia and the lines of termination by adjusting one of said first rate and said second rate.
