(54) Title: VACCINES AGAINST HEPATITIS B VIRUS

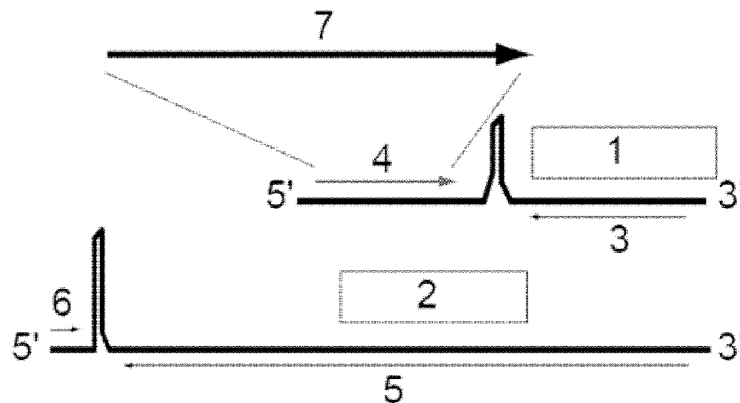

Fig. 1

(57) Abstract: The present application provides immunotherapies for Hepatitis B virus infections. Provided herein are genetically modified arenaviral vectors suitable as vaccines for prevention and treatment of Hepatitis B virus infections. Also provided herein are pharmaceutical compositions and methods for the treatment of Hepatitis B virus infections. Specifically, provided herein are pharmaceutical compositions, vaccines, and methods of treating Hepatitis B virus infection.
