ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: PASSIVE GREASE TRAP USING SEPARATOR TECHNOLOGY

(57) Abstract: A grease trap for separating grease and solid waste from wastewater. The grease trap has a tank having a downwardly shaped bottom (44). An upwardly shaped divider (34) divides the tank into upper and lower chambers. A hole (36) near an upper part of the divider allows waste into the upper chamber. The tank has inlet (20) and outlet (22) inverts for wastewater. A pipe (38) extends through the hole in the divider into the lower chamber for removing solid waste.
