Amendments to the Specification:

Please replace description of drawing of FIG.14 with the following amended text:

FIG. 14 illustrates an arrangement of a source of breathable gases **10M1**. The source of breathable gases **10M1** comprises a ~~container~~ storage of breathable gases **104**. The ~~container~~ storage of breathable gases **104** stores a reasonable amount of breathable gases and conducts the breathable gases to a breathable gases dispensing system **100M1**, to a breathable gases distributing system **100M2,** or to the both of them**.**
