

ABSTRACT

Provided is a protective film-forming composite sheet including: a support sheet; a protective film-forming film provided on one surface of the support sheet; and a
5 coating layer provided on a surface of the support sheet on a side opposite to a side where the protective film-forming film is provided, in which a gloss value of a surface of the coating layer on a side opposite to a side where the coating layer and the support sheet are in contact with each other is in a range of 32 to 95.
