(54) Title: VIDEO SHARING METHOD AND APPARATUS, DEVICE, AND MEDIUM

(54) 发明名称: 视频分享方法、装置、设备及介质

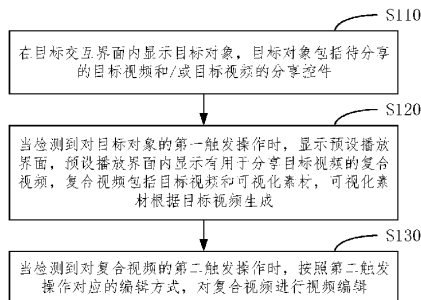

图 1

- S110 Display target object in target interactive interface, target object comprising target video to be shared and/or share control of target video
- S120 When first trigger operation on target object is detected, display preset play interface, composite video used for sharing target video being displayed within preset play interface, composite video comprising target video and visual material, and visual material being generated according to target video
- S130 When second trigger operation on composite video is detected, perform video editing on composite video according to editing mode corresponding to second trigger operation

(57) Abstract: The present disclosure relates to a video sharing method and apparatus, a device, and a medium. The video sharing method comprises: displaying a target object in a target interactive interface, the target object comprising at least one among a target video to be shared or a share control of a target video, wherein the target video is a historically published video; when a first trigger operation on the target object is detected, displaying a preset play interface, a composite video used for sharing the target video being displayed within the preset play interface, the composite video comprising the target video and visual material, and the visual material being generated according to the target video; and when a second trigger operation on the composite video is detected, performing video editing on the composite video according to an editing mode corresponding to the second trigger operation.

(57) 摘要: 本公开涉及一种视频分享方法、装置、设备及介质。其中, 视频分享方法, 包括: 在目标交互界面内显示目标对象, 目标对象包括待分享的目标视频或目标视频的分享控件中的至少一项, 其中, 目标视频为历史发布视频; 当检测到对目标对象的第一触发操作时, 显示预设播放界面, 预设播放界面内显示用于分享目标视频的复合视频, 复合视频包括目标视频和可视化素材, 可视化素材根据目标视频生成; 当检测到对复合视频的第二触发操作时, 按照第二触发操作对应的编辑方式, 对复合视频进行视频编辑。
