(54) Title: SOFTGOODS DISTRIBUTION VIA A NETWORK

ACTION

162162

(57) Abstract: A system for transferring softgoods from a sender to a recipient, the system including the steps of: (e) the sender creating a mobile computing environment; (f) the sender installing the softgoods on the mobile computing environment; (g) transferring the mobile computing environment with the installed softgoods from the sender to the recipient such that upon the mobile computing environmnent being installed in a machine of the recipient the softgoods can be used by the recipient without the softgoods being installed on the recipient's machine; the transferring of the mobile computing environment with the installed softgoods being subject to terms relating to the use of the softgoods by the user, the terms being able to be varied subsequent to the installation of the mobile computing environment on the recipient's machine.
