FIGURES

Figure 1: Expression of prolactin in eutopic endometrium from patients and healthy controls and in endometriotic lesions

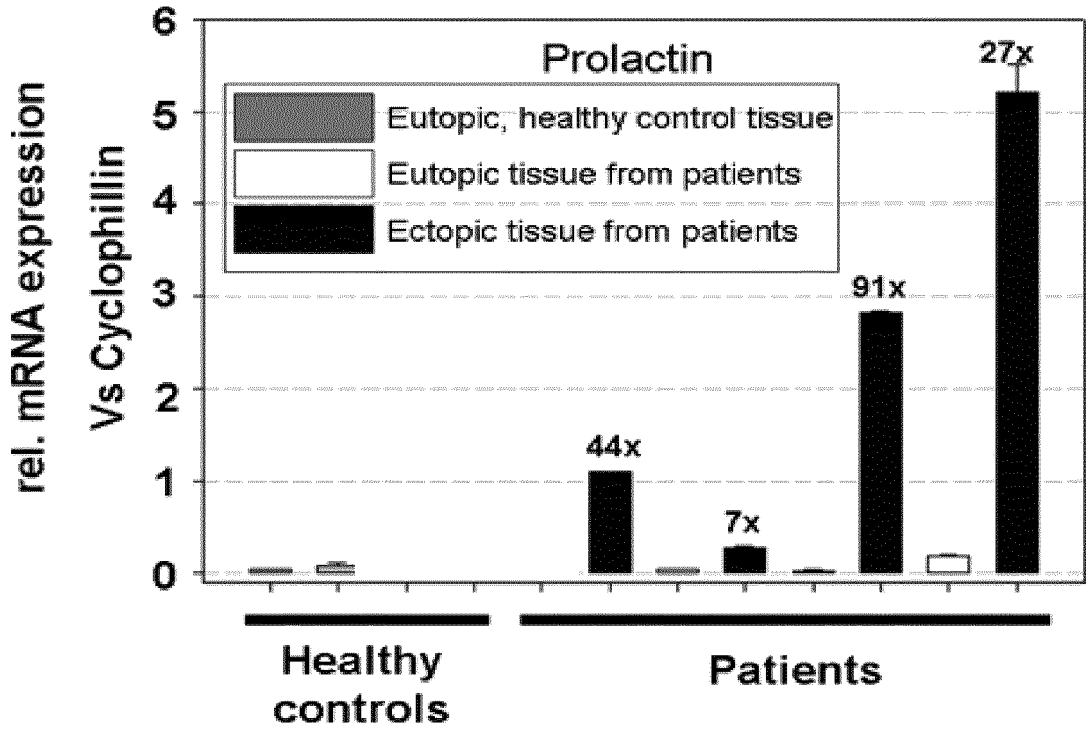

Figure 2: Expression of the prolactin receptor in eutopic endometrium from patients and healthy controls and in endometriotic lesions

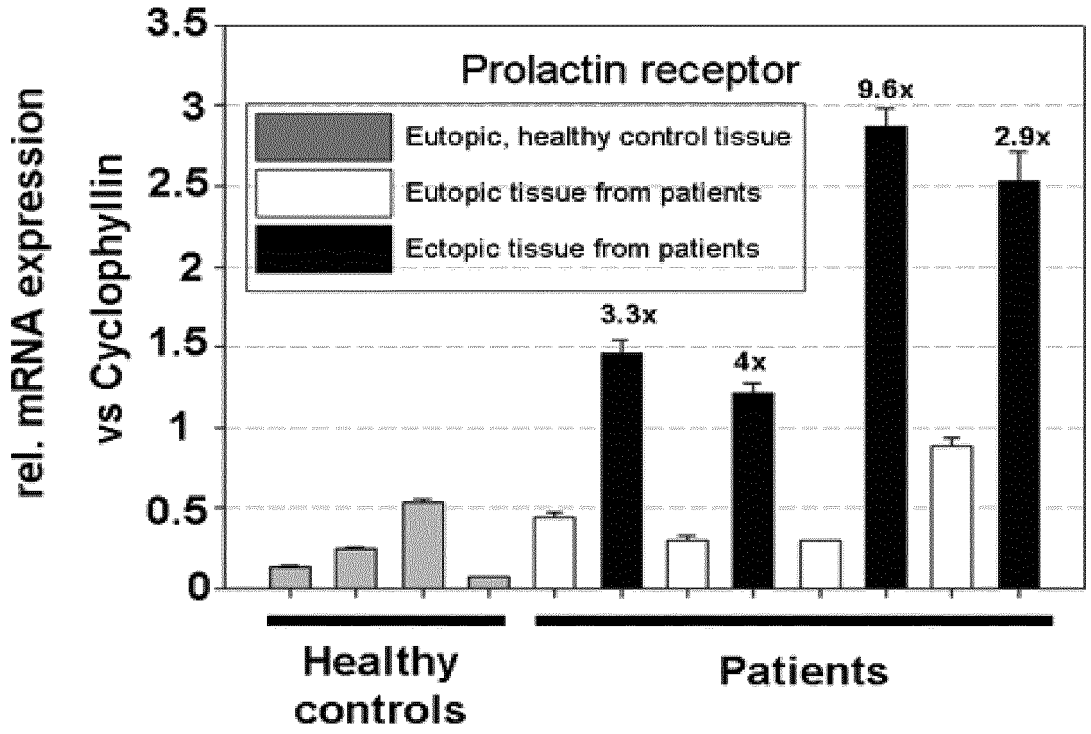

Figure 3: Effect of neutralizing PRLR antibody Mat3 in a hyperprolactinemic mouse model of benign breast disease

A Inhibition of side-branching in the mammary gland by neutralizing PRLR antibody Mat3

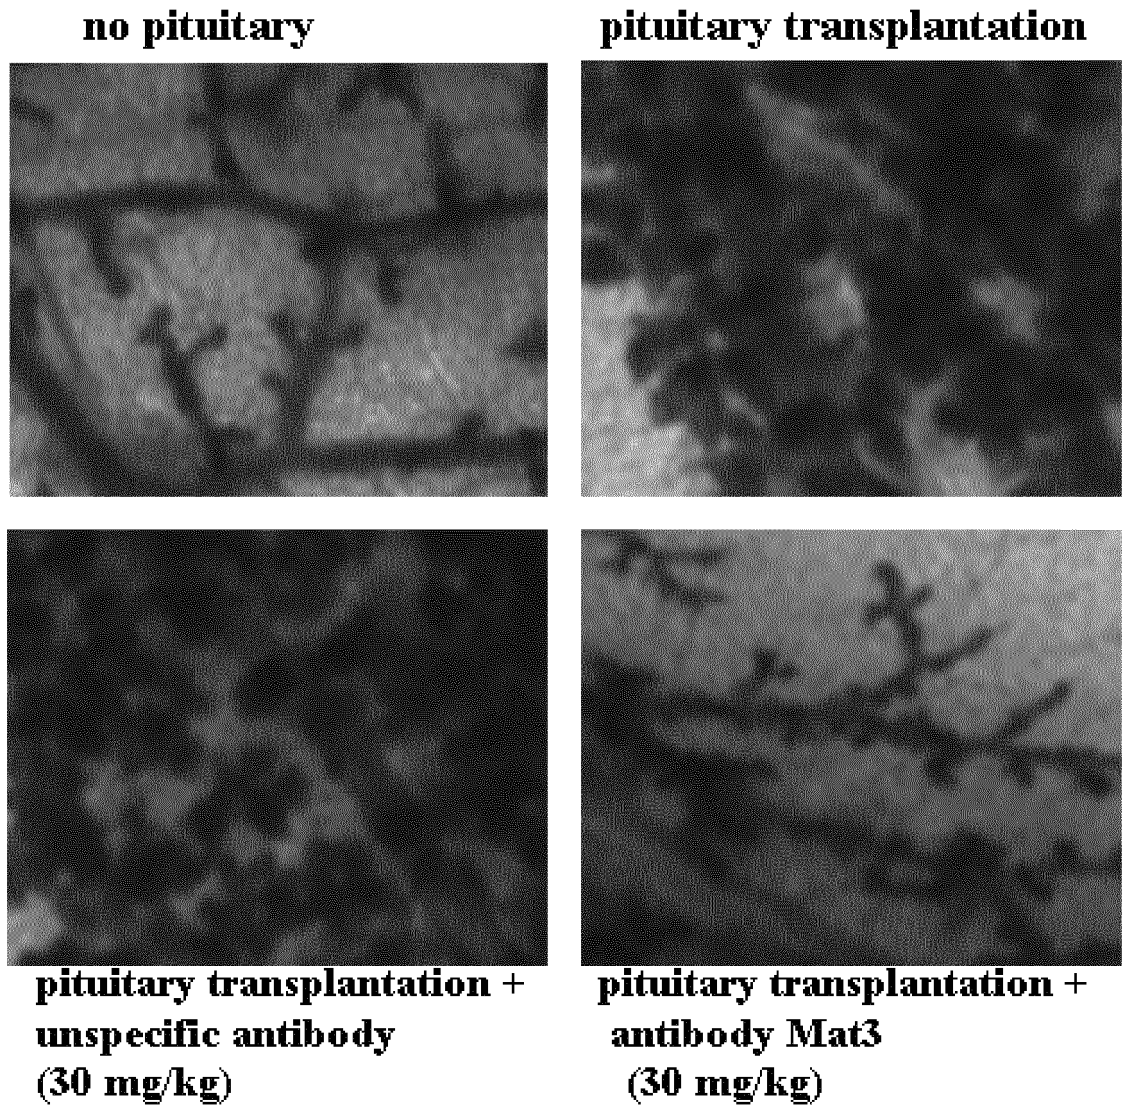

Figure 3: Effect of neutralising PRLR antibody Mat3 in a hyperprolactinemic mouse model of benign breast disease

B Inhibition of the expression of the prolactin target gene elf5

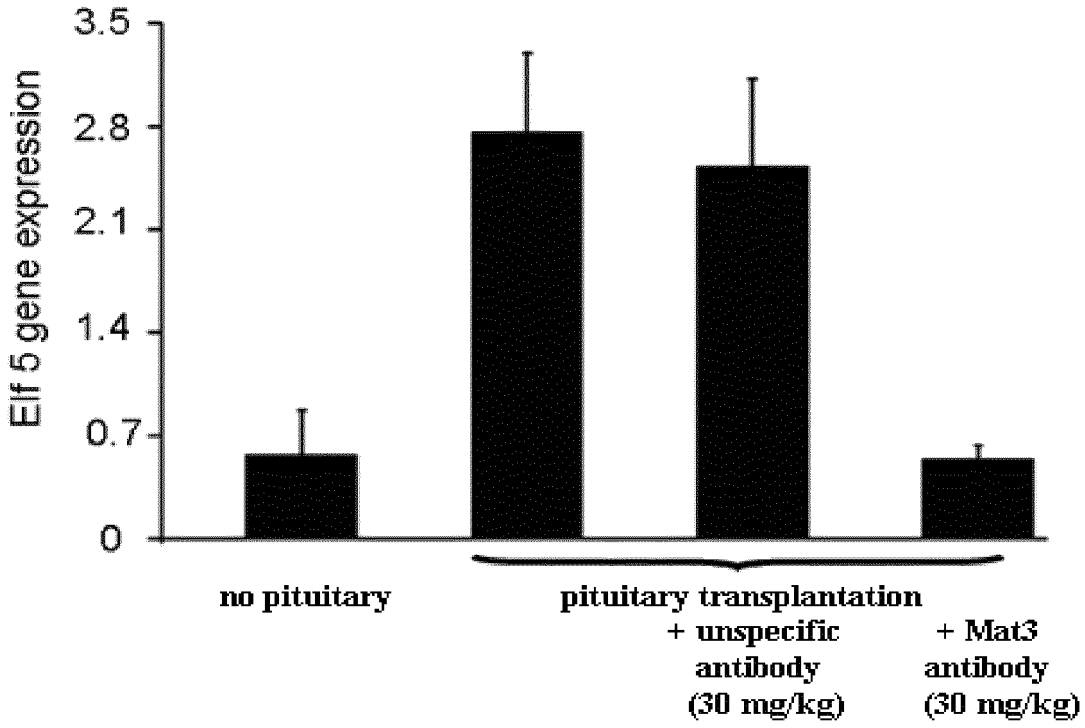

Figure 4: Kabat Numbering of framework amino acid positions according to Johnson and Wu (Nucleic Acids Res. 2000, 28, 214-218)
