(54) Title: A METHOD AND APPARATUS FOR REDUCING DATA BANDWIDTH BETWEEN A CLOUD SERVER AND A THIN CLIENT

Fig. 1

(57) Abstract: The present invention relates to a method for reducing data bandwidth between a cloud server and a thin client. The method comprises: rendering a base layer image or video stream at the thin client, transmitting an enhancement layer image or video stream from the cloud server to the thin client, displaying a composite layer image or video stream on the thin client, the composite layer being based on the base layer and the enhancement layer.
