
100
Facilitating Requester Authenticated Transaction Request
200
Facilitating Wireless Communication Device Enabled Transaction Fulfillment

FIG. 1

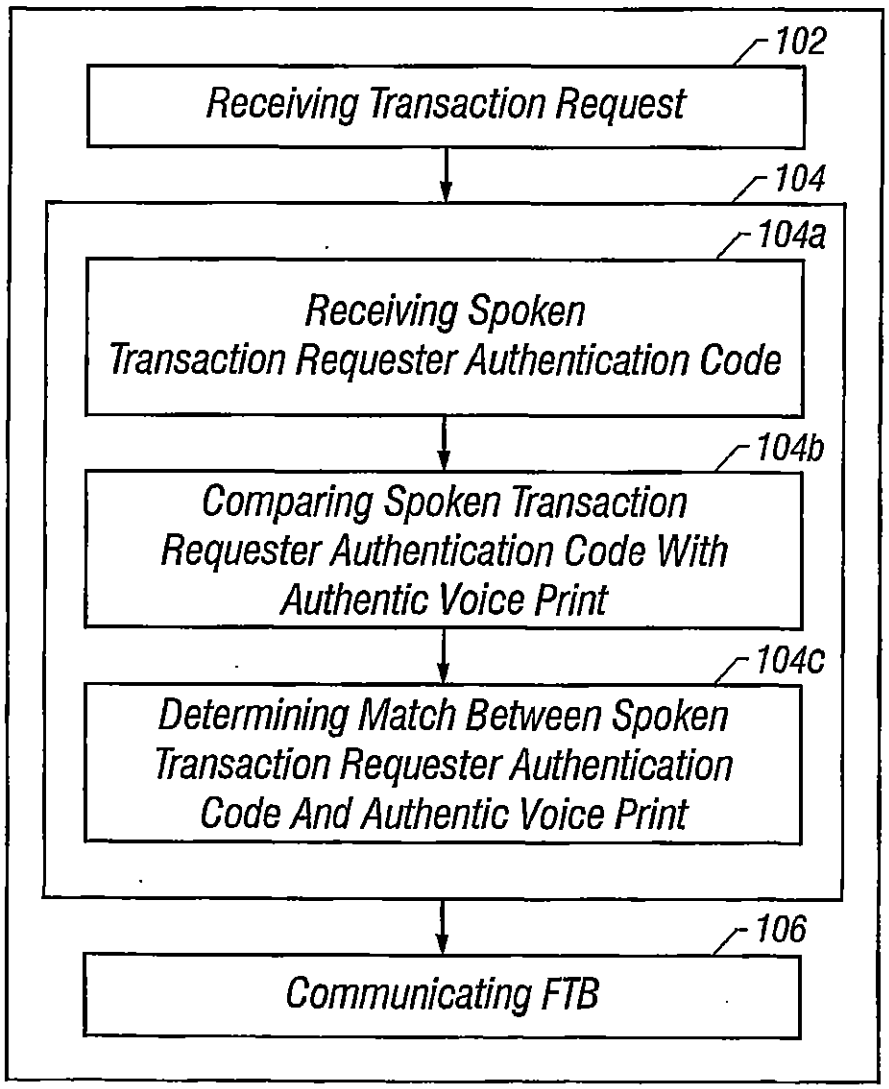

102
Receiving Transaction Request
104
104a
Receiving Spoken Transaction Requester Authentication Code
104b
Comparing Spoken Transaction Requester Authentication Code With Authentic Voice Print
104c
Determining Match Between Spoken Transaction Requester Authentication Code And Authentic Voice Print
106
Communicating FTB

FIG. 2

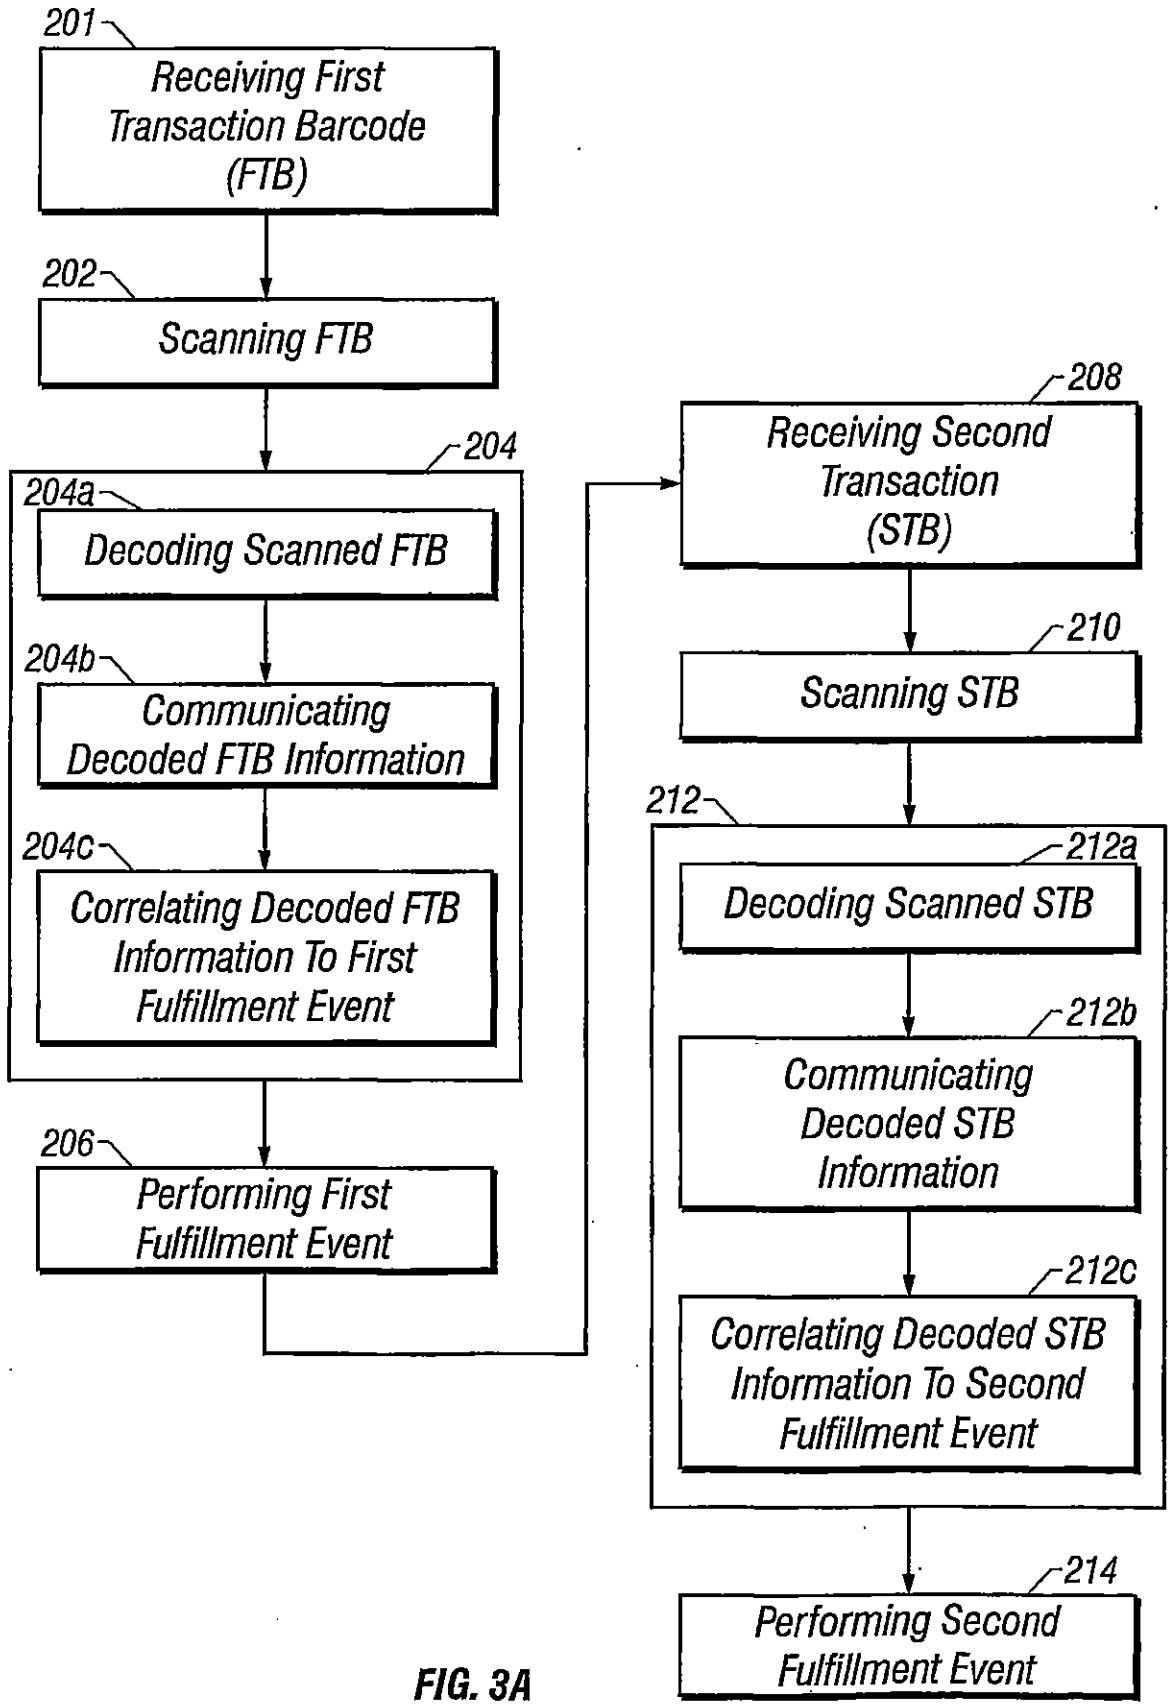

201
Receiving First Transaction Barcode (FTB)
202
Scanning FTB
204
204a
Decoding Scanned FTB
204b
Communicating Decoded FTB Information
204c
Correlating Decoded FTB Information To First Fulfillment Event
206
Performing First Fulfillment Event
208
Receiving Second Transaction (STB)
210
Scanning STB
212
212a
Decoding Scanned STB
212b
Communicating Decoded STB Information
212c
Correlating Decoded STB Information To Second Fulfillment Event
214
Performing Second Fulfillment Event

FIG. 3A

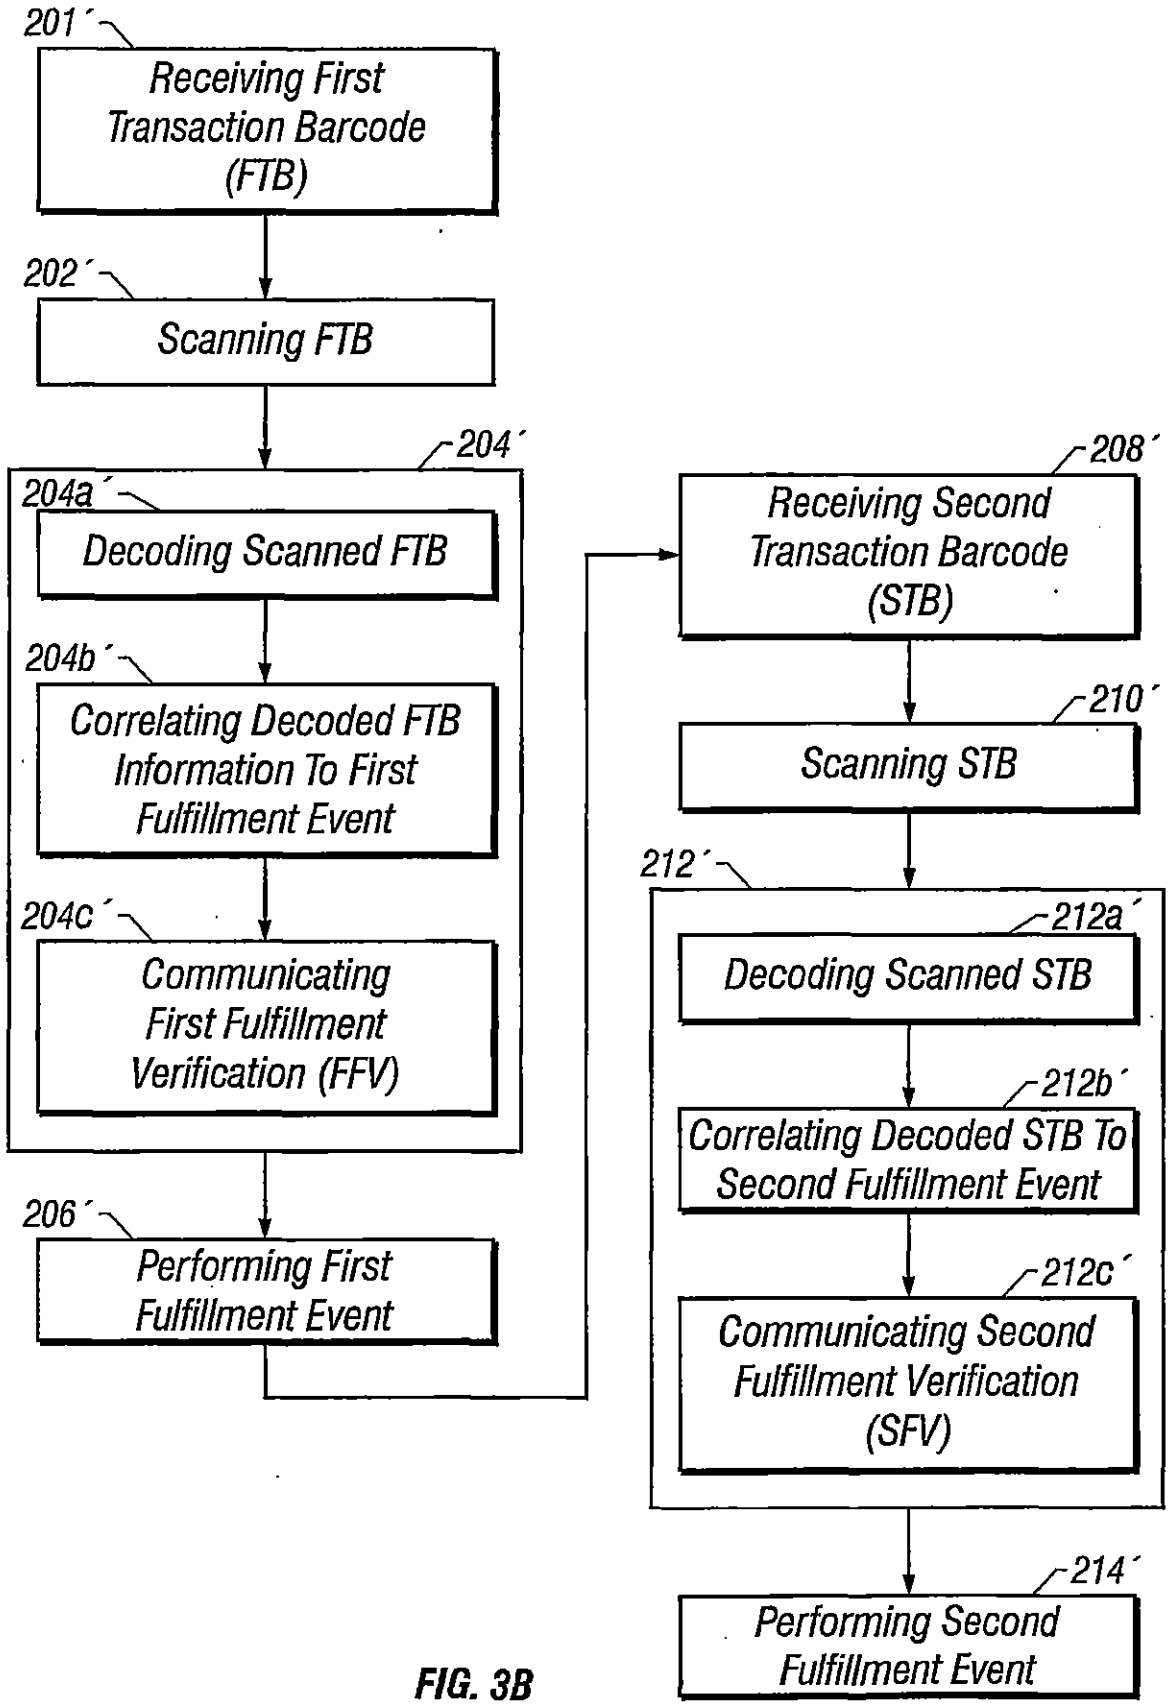

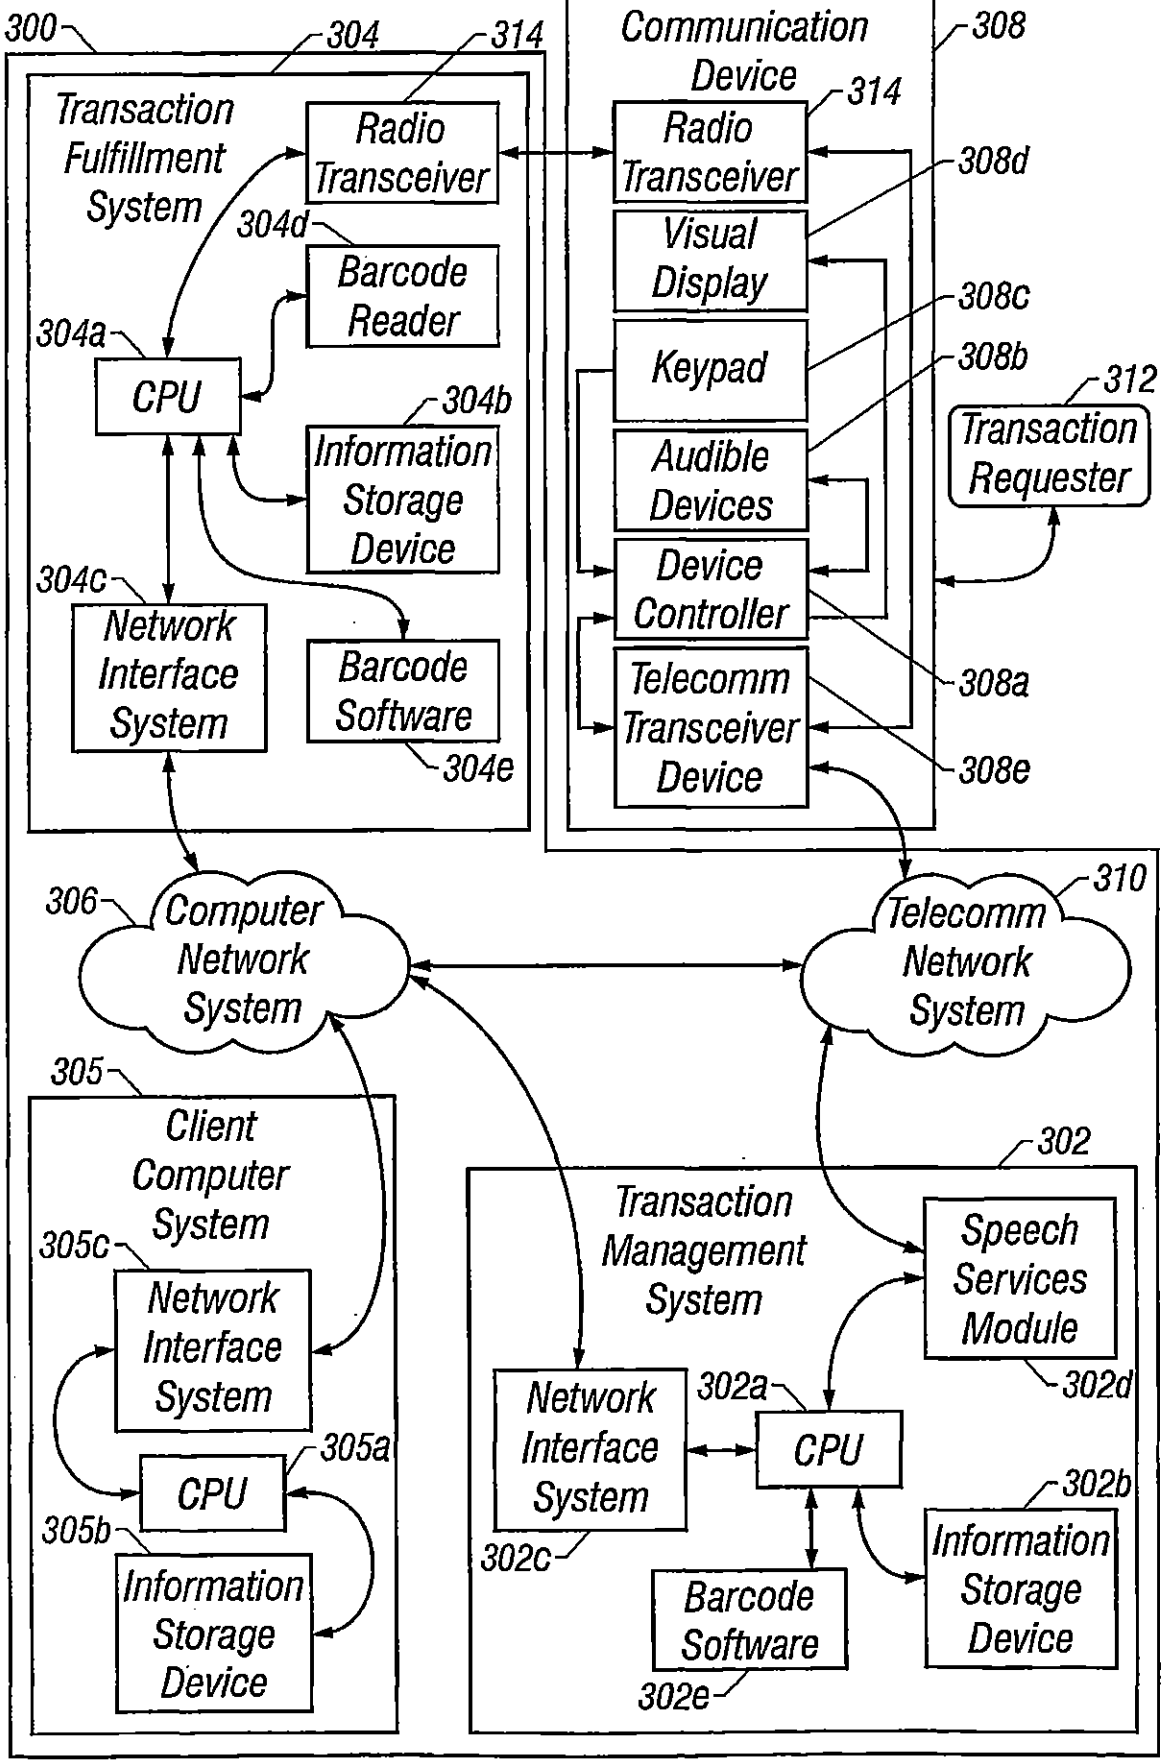

201´
Receiving First Transaction Barcode (FTB)
202´
Scanning FTB
204´
204a´
Decoding Scanned FTB
204b´
Correlating Decoded FTB Information To First Fulfillment Event
204c´
Communicating First Fulfillment Verification (FFV)
206´
Performing First Fulfillment Event
208´
Receiving Second Transaction Barcode (STB)
210´
Scanning STB
212´
212a´
Decoding Scanned STB
212b´
Correlating Decoded STB To Second Fulfillment Event
212c´
Communicating Second Fulfillment Verification (SFV)
214´
Performing Second Fulfillment Event
