ABSTRACT

Disclosed herein are a release sheet and a pressure sensitive adhesive sheet with release sheet. The release sheet and the pressure sensitive adhesive sheet with release sheet of the present invention are hard to give adverse effects to hard disk drives or the like, when a pressure sensitive adhesive sheet peeled off from the release sheet is attached to the hard disk drives or the like. The pressure sensitive adhesive sheet with release sheet has a structure in which a pressure sensitive adhesive sheet comprised from a pressure sensitive adhesive layer and a pressure sensitive adhesive sheet base is adhered to a release sheet comprised from a releasing agent layer and a release sheet base, wherein the pressure sensitive adhesive layer is in contact with the releasing agent layer. The release sheet includes a releasing agent layer comprised of an olefin-based thermoplastic elastomer and a polyolefin resin, and a release sheet base. The density of the olefin-based thermoplastic elastomer is less than 0.87 g/cm^3 . The weight ratio of the olefin-based thermoplastic elastomer to the polyolefin resin is preferably in the range of 15:85 to 85:15.
