Claims

1. Use of acetyl-leucine, or a pharmaceutically acceptable salt thereof, in the manufacture of a medicament, for improving cognitive function, mobility, or cognitive function and mobility in an elderly subject.

2. The use according to claim 1, wherein the medicament is for improving cognitive function in said subject.

3. The use according to claim 1, wherein the medicament is for improving mobility in said subject.

4. The use according to claim 1 or 2, wherein the cognitive function is one or more selected from the group consisting of perception, memory, creation of imagery, awareness, reasoning, thinking and capacity for judgment.

5. The use according to any preceding claim, wherein the medicament is for treating an age-related decrease in cognitive function and/or mobility.

6. The use according to any preceding claim, wherein the subject has a decrease in cognitive function associated with ageing and/or a mobility disorder associated with ageing.

7. The use according to any preceding claim, wherein said acetyl-leucine is in racemate form.

8. The use according to any preceding claim, wherein the acetyl-leucine is to be administered in a dose of between 4 g and 10 g per day.

9. The use according to claim 8, wherein the acetyl-leucine is to be administered in a dose of more than 4 g to no more than 6 g per day.

10. The use according to claim 8 or 9, wherein said dose is to be administered across two or more administrations.

11. The use according to claim 10, wherein said dose is to be administered across three administrations.

12. The use according to any preceding claim, wherein the acetyl-leucine is to be administered for a treatment duration of two weeks or more.

13. The use according to claim 12, wherein the acetyl-leucine is to be administered for a treatment duration of seven weeks or more.

14. The use according to any preceding claim, wherein the acetyl-leucine is to be administered in a dose of between 4.5 g and 10 g per day, across three administrations per day, for a treatment duration of two months or more.
