

## THERAPEUTIC AGENT FOR RHEUMATOID ARTHRITIS

### ABSTRACT

Provided is a highly safe therapeutic agent for rheumatoid arthritis that produces effects after a short administration, exhibits strong efficacy, and is effective for human rheumatoid arthritis. The therapeutic agent for rheumatoid arthritis contains (R)-1-(6-((6-(1-hydroxyethyl)-8-(isopropylamino)pyrido[3,4-d]pyrimidin-2-yl)amino)pyridin-3-yl)piperazin-2-one or a pharmaceutically acceptable salt thereof.
