ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: BARGE WITH TILTABLE CONTAINER

(57) Abstract: The present invention relates to a barge with an open top container for receiving a cargo mounted on the deck characterised in that the container is pivotally mounted on the deck such that cargo (e.g. marine sand) can be discharged from the barge by tilting of the container about the pivotal axis. The barge is particularly useful for use in land reclamation projects and the invention further relates to a method of reclaiming land utilising such barges.
