ABSTRACT OF THE DISCLOSURE (FIG. 1)

"DISK DRIVE WITH A PARKING
RAMP FOR PARKING HEADS"

5

Disclosed herein is a disk drive that has heads
and a loading/unloading mechanism including a parking
ramp. The parking ramp is so structured that it is
likely to contact the outermost area of a disk, never
10 contacting or hitting the loading/unloading area of
the disk, when the disk drive receives an external
shock. The outermost area of the disk remains unused
to record data or park the heads.
