(54) Title: METHOD FOR THE TREATMENT OF PROTEIN-CONTAINING COMPOSITIONS

(57) Abstract: The present invention relates to a method for treatment of a plant-based protein-containing composition comprising the steps of subjecting the protein-containing composition to a protein-deamidase treatment and to high-pressure homogenization. The invention further concerns a plant-based protein-containing composition that can be obtained by the inventive method as well as the use of the plant-based protein-containing composition obtained by the inventive method as a food, a food additive, or a starting material for the production of food.
