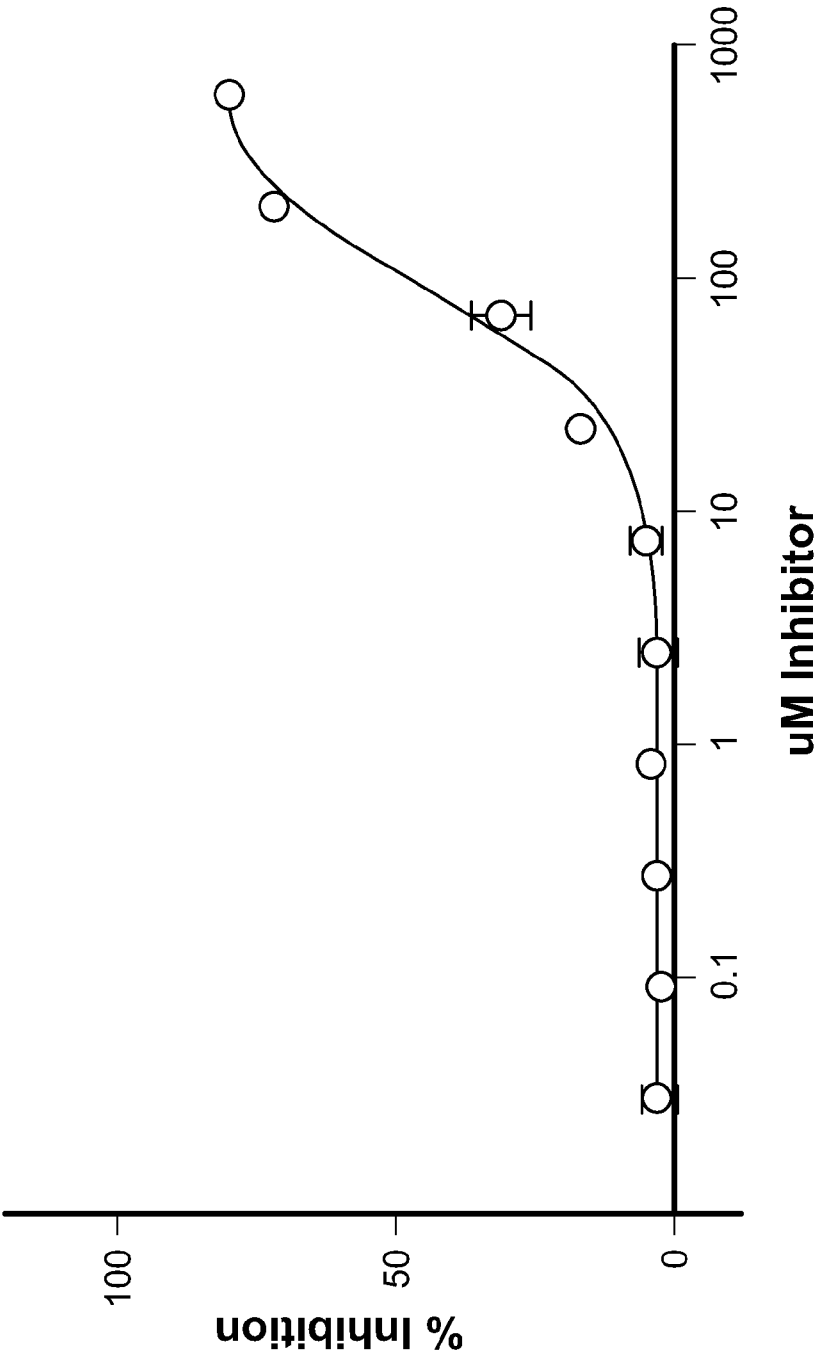

FIG. 2

Figure 1 is a scatter plot showing the relationship between Potency (x-axis, 0.0 to 4.5) and Efficacy vs. Potency (y-axis, 0 to 85). The plot includes chemical structures for various compounds. A dashed oval highlights a cluster of compounds with high potency and moderate efficacy. Another dashed oval highlights a cluster of compounds with low potency and low efficacy. A third dashed oval highlights a single compound with high potency and high efficacy. Arrows point from the chemical structures to their corresponding data points on the plot.
