

Abstract

Provided is a beer-taste beverage comprising 1000 ppb by mass or less of 4-vinylguaiacol, and having an ethyl n-butyrate content of 140 ppb by mass or more,

a ratio of the content (unit: ppb by mass) of ethyl n-butyrate to the content (unit: ppb by mass) of γ -nonalactone [ethyl n-butyrate/ γ -nonalactone] is 23 or less.
