13. The vessel according to claim 11 or 12, wherein the first cavity has a length measured from the front wall of said cavity to the front wall of the moon pool, which length is greater than a height of said first cavity measured from the level of the bottom surface of the hull to the ceiling of said first cavity, preferably wherein the proportion of length / height is at least 1.5, more preferably at least 2, 2.5 or 3.

14. The vessel according to any one of claims 2 to 7, wherein a front wall of the moon pool extends further downwards than a rear wall of said moon pool.

15. The vessel according to any of the preceding claims, wherein the first cavity and/or the second cavity is flaring outwardly.

16. The vessel according to any one of the preceding claims, wherein the vessel is a drillship or so-called drilling ship.

17. Use of a vessel according to any one of the preceding claims, wherein the use comprises sailing with said vessel, especially while keeping the moon pool of said vessel open.
