CLAIMS

1. A liquid pharmaceutical composition comprising semaglutide, an isotonic agent and histidine, wherein the concentration of the histidine is 0.5-100 mM and wherein the pH of the composition is in the range of 6.0-10.0.

2. The composition according to claim 1, wherein the concentration of histidine is 0.5-15 mM.

3. The composition according to any one of the preceding claims, wherein the composition is an aqueous solution comprising at least 60% (w/w) water, such as at least 70% (w/w) water or at least 80% (w/w) water.

4. The composition according to any one of the preceding claims, wherein the concentration of semaglutide is 0.1-15 mg/mL of the composition.

5. The composition according to any one of the preceding claims, wherein the concentration of semaglutide is 0.1-10 mg/mL of the composition.

6. The composition according to any one of the preceding claims, wherein the composition further comprises one or more pharmaceutically acceptable excipients such as a buffer.

7. The composition according to any one of the preceding claims, wherein the composition comprises a phosphate buffer.

8. A liquid pharmaceutical composition comprising semaglutide, histidine, a buffer and an isotonic agent, wherein the concentration of histidine is 10 mM, the concentration of semaglutide is 0.1-10 mg/mL, the buffer is a phosphate buffer in a concentration of 0.01-50 mM, and the composition has a pH in the range of 7.0-7.8.

9. The composition according to claim 8, wherein the concentration of semaglutide is 0.5-5 mg/ml of the composition.

10.The composition according to any one of the preceding claims, wherein the composition comprises disodium hydrogen phosphate dihydrate as a buffer.

11. The composition according to any one of the preceding claims, wherein the isotonic agent is propylene glycol.

12. The composition according to any one of the preceding claims, wherein the composition is in a pre-filled syringe or a cartridge.

13. A kit comprising the pharmaceutical composition according to any one of the preceding claims and instructions for use.

14. The kit according to claim 13, wherein the kit comprises a pre-filled syringe for administration of the pharmaceutical composition to a subject.

15. The kit according to claim 13, wherein the kit comprises a durable pen or a pre-filled pen for administration of the pharmaceutical composition to a subject.

16. A pharmaceutical composition according to any one of claims 1-12 for use as a medicament.

17. The pharmaceutical composition according to claim 16 for use in the treatment of diabetes or obesity.
